## Safety and Health

### N.C. Department of Labor Responsibilities

The state of North Carolina has a federally approved program to administer the Occupational Safety and Health Act in North Carolina. This program is administered by the N.C. Department of Labor, Occupational Safety and Health (OSH) Division.

*The OSH Division has the following responsibilities and powers:*

- **Inspections**—The OSH Division conducts workplace inspections that can be triggered by complaints, accidents or because the workplace has been randomly selected for an inspection.
- **Citations**—Following an inspection, the employer may be cited for one or more violations of the OSHA standards. The employer will be given a timetable to correct the violation to avoid further action.
- **Penalties**—The Commissioner shall have the authority to assess penalties against any employer who violates the requirements of the OSH Act. The Commissioner shall adjust minimum and maximum civil penalties in accordance with the requirements set forth in the U.S. Consumer Price Index for All Urban Consumers published by the U.S. Department of Labor as necessary to comply with federal law. The Commissioner shall have a period of 60 calendar days from the date a final rule is published in the Federal Register to publish the civil penalties in the North Carolina Register under 13 NCAC 07A .0301 or any related or subsequent regulations setting penalty standards in compliance with Part 1903 of Title 29 of the Code of Federal Regulations, and on its website.
- **OSHA Standards**—The division adopts all federally mandated OSHA standards verbatim or can rewrite them to meet state conditions, as long as the new version is at least as strict as the federal standard.

A copy of any specific standard adopted by the OSH Division is available free of charge. The entire “General Industry” or “Construction Industry” standards are available for a nominal cost by calling **1-800-625-2267** or **919-707-7876**.

### Employer Rights and Responsibilities

Public and private sector employers have a “general duty” to provide their employees with workplaces that are free of recognized hazards likely to cause serious injury or death. Employers must comply with the OSHA safety and health standards adopted by the Labor Department.

- **Inspections**—An employer has the legal right to refuse to allow an inspector to enter the workplace without an administrative inspection warrant. If this occurs, the inspector will obtain a warrant to conduct the inspection. The employer has the right to accompany the inspector during the physical inspection.
- **Discrimination**—It is illegal to retaliate in any way against an employee for raising a health or safety concern, filing a complaint, reporting a work-related injury or illness, or assisting an inspector. The department will investigate and may prosecute employers who take such action.
- **Citations**—If an OSH inspection results in one or more citations, the employer is required to promptly and prominently display the citation(s) at or near the place where the violation allegedly occurred. It must remain posted for three working days or until the violation has been corrected or abated, whichever is longer.
- **Contesting Penalties**—Once an employer has been cited, he or she may request an “informal conference” with OSH officials to discuss the penalty, abatement or other issues related to the citation. This request must be made within 15 working days after the citation is received.

The employer may formally contest (by filing a “Notice of Contest”) the citation(s) or proposed penalty to the N.C. Occupational Safety and Health Review Commission. The Review Commission is an independent body that hears and decides contestments by employers and employees concerning citations, abatement periods and penalties.

Employers wishing to know more about the procedures for filing a “Notice of Contest” should contact the Review Commission. Telephone: **919-733-3589**. Website: [www.oshrb.state.nc.us](http://www.oshrb.state.nc.us).

- **Injury and Illness Records**—Employers with 11 or more employees, unless specifically exempted, are required to maintain updated occupational injury and illness records of their employees. Recordkeeping forms and information concerning these requirements may be obtained from the Education, Training and Technical Assistance Bureau, N.C. Department of Labor. Call **1-800-625-2267** or **919-707-7876**.
- **Accident and Fatality Reporting**—An employer must report the following:  
Within eight hours: Any work-related fatality.  
Within 24 hours:
  - Any work-related in-patient hospitalization of one or more employees.
  - Any work-related amputation.
  - Any work-related loss of an eye.To report an accident, call the OSH Division at **1-800-625-2267** or **919-779-8560**.

### Employee Rights and Responsibilities

Public and private sector employees must comply with occupational safety and health standards, rules, regulations, and those orders issued under OSHA that relate to their own actions and conduct.

- **Complaints**—An employee has a right to make a complaint regarding workplace conditions he or she believes are unsafe, unhealthy or in violation of OSHA standards. When an OSH inspector is in an employee’s workplace, that employee has a right to point out unsafe or unhealthy conditions and to freely answer any questions asked by the inspector. When making a complaint, the employee may request that his or her name be kept confidential.  
**To make a complaint, call 1-800-625-2267 or 919-779-8560. Complaints also can be made online at [www.labor.nc.gov](http://www.labor.nc.gov).**
