

The Want List submission form is a fillable pdf, and requires Adobe Acrobat to open and fill out. If you are using Mozilla Firefox as your internet browser, the form may not be fillable; you will need to open it in Adobe Acrobat. To do this, locate the “Open With Different Viewer” button in the upper right hand corner. Also, please note that the Want List will only work with Internet Explorer or Mozilla Firefox (It will not work with Google Chrome).
