Re: MLAC Testimony

To Whom It May Concern:

ACIG Insurance Company ("ACIG") is licensed in 49 states and the District of Columbia. Currently, ACIG provides workers compensation coverage to construction companies doing business across the United States, including Oregon. Since March 1, 2020, ACIG has provided coverage to its insureds in Oregon on over 500 workers compensation policies. To date, ACIG has yet to receive a single Oregon workers compensation claim associated with COVID-19.

ACIG does not believe a change in the presumption of compensability with respect to COVID-19 claims is necessary and does not support such a change.

Sincerely,

ACIG Insurance Company

Rene R. Pinson
Vice President of Claims
