Subject: Proposed Amendment to SB-801

Hello Theresa,

CorVel Corporation is a Third Party Administrator with several years of experience as a national provider of healthcare management solutions. Our advocacy approach allows us to collaborate with self-insured employers to proactively manage claims with the ultimate goal of providing a positive outcome for the injured worker.

Our self-insured partners encourage claims to be reported because they want a healthy workforce. Timely reporting of claims allows us to ensure the claimant receives appropriate and timely care. Our adjusters help injured workers navigate the complex healthcare system and remove any obstacles interfering with their care.

CorVel has a robust audit program to ensure we are meeting the standards established by the Workers' Compensation Division (WCD). Our audit results are indicative of our desire to meet all rules set forth by WCD.

We believe we do more for injured workers, on behalf of self-insured employers, than what is currently required by law therefore passage of SB-801 would be detrimental to Oregon's self-insured injured workers.

Please feel free to contact me if you have any questions.

Sincerely,

Monica Medalia | Area Vice President
CorVel Corporation | Seattle
