Under HB2683, which was signed by the Governor, states that as of Jan. 1, 2025 children placed foster care are categorically eligible for ERDC under the definition of "protective services" and that resource parents are eligible for ERDC subsidy regardless of income. This is not reflected in the strategic plan and would constitute increased financial support from the fund. The CCDF form specifically outlines this situation which asks if Oregon is providing this eligibility status, and it is not marked or mentioned.
