### **Definitions, 414-175-0002**

### Purpose/Background

 OAR 414-175-0002 outlines the definitions for terms used in the ERDC ruleset.

### **Reason for Change**

 Amending this rule to add a definition for the Expanded Child Welfare (EXP-CW) population. This change will clarify who meets the qualifications to be determined as EXP-CW for the purposes of ERDC eligibility. The rule is also being amended to add a definition for facility that clarifies that the outdoor nature-based program fall within a facility.

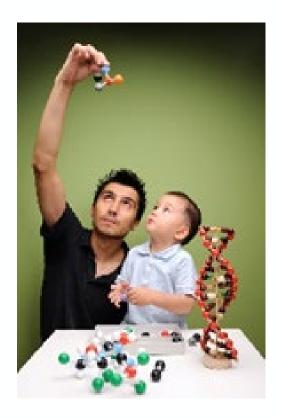

### **Impacts of Change**

 There is no service delivery or fiscal impact on the agency, families, or providers.

### Waitlist for ERDC, 414-175-0010

### **Purpose/Background**

 OAR 414-175-0010 defines the ERDC waitlist, which monitors the number of families added to the caseload. It specifies which applicants are subject to the waitlist and identifies priority populations exempt from it.

### **Reason for Change**

 This rule is being amended to clarify that, in addition to requiring a member of the filing group to meet at least one bypass exemption, new applicants must now also satisfy the income limits outlined in OAR 414-175-0050 to avoid placement on the waitlist.

### **Impacts of Change**

 This change will have no fiscal impact on the agency, families, or providers.

### General Eligibility Requirements 414-175-0020

### **Purpose/Background**

• OAR 414-175-0020 outlines the general eligibility requirements for families applying for ERDC.

### **Reason for Change**

 Amending language to include that families eligible for Expanded Child Welfare (EXP-CW) are not subject to the ERDC income limits.

### **Impacts of Change**

 This change will have a small fiscal impact to DELC as some existing ERDC families will have their income excluded under the EXP-CW which results in a zero copay.

# Requirement to Establish a Child Care Need and Hours Authorizations, 414-175-0023

### **Purpose/Background**

• OAR 414-175-0023 outlines the criteria for determining a family's need for child care and authorized hours. The rule also clarifies when child care costs are covered and how authorized hours are calculated.

### **Reason for Change**

 Amending rule to clarify that EXP CW need groups will receive 20 weekly child care hours, with the option to request more by providing any reason, except to meet a provider's minimum hour requirements.

### **Impacts of Change**

• This change will have no fiscal impact on the agency, families, or providers.

### Verification Requirements, 414-175-0024

### **Purpose/Background**

 414-175-0024 outlines verification requirements for ERDC, specifying required documentation to determine eligibility. It clarifies acceptable verification forms, including medical documentation, and when self-attestation is allowed.

### **Reason for Change**

 Amending to clarify that self-attestation applies to all eligibility factors for categorically eligible families, except immunizations exemptions. Also adding that self-attestation is allowed for income for all Expanded CW eligible families.

### **Impacts of Change**

• These clarifications align with current practices and ONE system functionality, with no service delivery or fiscal impacts for the agency, families or providers.

### Categorical Eligibility for ERDC, 414-175-0025

### **Purpose/Background**

• OAR 414-175-0025 outlines what categorical eligibility means for ERDC.

### **Reason for Change**

 Amending rule to add Expanded Child Welfare (EXP-CW) to the way a families can meet being categorically eligible for ERDC.

### **Impacts of Change**

 This change will have no fiscal impacts for the agency, families or providers.

### Prospective Eligibility and Budgeting, 414-175-0040

### **Purpose/Background**

OAR 414-175-0040 outlines how we budget income for the ERDC program.

### **Reason for Change**

• Amending this rule to clarify that income for filling groups under Expanded Child Welfare (EXP-CW) is not countable.

### **Impacts of Change**

• This change will have a small fiscal impact to DELC as some existing ERDC families will have their income excluded under the EXP-CW which results in a zero copay.

# Requirement to Make Copay or Satisfactory Arrangements, 414-175-0051

### **Purpose/Background**

• OAR 414-175-0051 outlines the copay requirements for ERDC families.

### **Reason for Change**

 Amends language to state that families eligible under EXP-CW will not be denied ERDC benefits if they have a copay not met on record at renewal or recertification. This mirrors our practice for families eligible for categorically ERDC due to receiving TANF.

### **Impacts of Change**

 A fiscal impact would be minimal as it is rare that cases have a copay not met and copays are low.

### Reporting Changes, 414-175-0060

### Purpose/Background

• OAR 414-175-0060 outlines the changes that families must report when they are receiving ERDC benefits.

### **Reason for Change**

• The sentence, "When multiple changes are reported at the same time, they will have the same effective date" is being removed. This practice no longer exists due to 12-month eligibility updates we have made to the program. Families may report multiple changes, but we may not take action on some of them. This language no longer supports current practices and ONE system functionality.

### **Impacts of Change**

 Removal of this language supports current practices and ONE system functionality. There is no fiscal impact.

# Child Care Provider Eligibility Standards, Payments Rates, Payments Limits, and Payable Hours, 414-175-0075

### **Purpose/Background**

• OAR 414-175-0075 outlines the eligibility standards, payment rates, limits and hours for families and child care providers.

### **Reason for Change**

 Amending rule to include that the certified outdoor nature-based programs will be paid at the certified center rate.

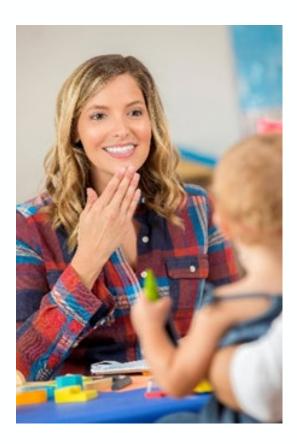

### **Impacts of Change**

 This change will have a fiscal impact to DELC. This change will positively impact families as they will have more child care options to choose from.

### Eligibility of Child Care Providers, 414-175-0080

### **Purpose/Background**

• OAR 414-175-0080 outlines eligibility requirements for ERDC child care providers, including background checks, health and safety standards, and record-keeping compliance. It ensures providers meet consistent standards to protect children's well-being.

### **Reason for Change**

• Amending this rule to clarify that providers that are certified as an outdoor nature-based program must comply with the requirements as outlined in CCLD's Outdoor nature-based 414-320 ruleset to receive payment.

### **Impacts of Change**

 Although there may be a fiscal impact to CCLD, there is no fiscal impact to the ERDC program.

### Direct Provider Payments, 414-175-0085

### **Purpose/Background**

• OAR 414-175-0085 outlines what requirements providers must meet to receive ERDC payments.

### **Reason for Change**

 Amending this rule to include language that prohibits payments being made to providers who are suspended or are currently serving an IPV. This language already exists in the provider suspension rule but is being added here and will also include IPV's. This strengthens DELC's ability to deny payments for providers who do not meet our requirements and prevents payments being made to these disqualified providers who are involved in the operations of another child care site.

### **Impacts of Change**

 This change will prevent disqualified providers who are suspended or are serving an IPV from receiving ERDC payments and could have a small positive fiscal impact to DELC.

#### Proposed Language 414-175-0040 Prospective Eligibility and Budgeting

- (1) For prospective eligibility and budgeting:
- (a) The budget month and payment month are the same.
- (b) The individual's anticipated income, household composition, and other relevant factors are used to determine the individual's eligibility and benefit level. The individual and Department jointly anticipate the individual's income based on the income already received and the income the individual expects to receive.
- (c) Prospective budgeting is used for annualized income and prorated educational income.
- (d) When prospective budgeting is used and the actual income differs from the amount determined under section (1)(b) of this rule:
- (A) If the anticipated income exceeds the actual income, an individual is not entitled to a benefit supplement.
- (B) If the actual income exceeds the anticipated income, there may be an individual-error overpayment under OAR 414-175-0099 and 461-195-0521.
- (2) Income is budgeted so that the anticipated amount is the same for each month.
- (3) Income that must be annualized is calculated under section (9) of this rule.
- (4) For the initial month, income is budgeted so the anticipated amount is the same for each month, including the initial month. No supplement is issued based on incorrectly anticipated information.
- (5) For an ongoing month: For a benefit group, the Department uses prospective eligibility and budgeting. The type of income is determined and calculated under sections (6) through (10) of this rule.
- (6) Educational income is assigned to the months it is intended to cover, regardless of when it is received. The income is prorated over these months.
- (7) Ongoing stable income in prospective budgeting and eligibility is treated so that the monthly amount is used to anticipate the income of the financial group. The amount of stable income for each month is determined as follows:
- (a) If paid once per month, that amount is used.
- (b) If paid twice per month or semi-monthly, that amount is converted to a monthly amount by multiplying it by two.

**Commented [SD1]:** What is benefit level referring to, do we need to exempt EXP CW from the benefits level statements in 1b and 12.

#### Commented [TV2R1]: @HERAS Jennifer J \* DELC

Commented [JH3R1]: I have an idea that may simplify the OAR changes for this bundle. I think we should add a new (13) Income for filing groups eligible under Expanded CW is not countable.

Then we wouldn't need to make changes to 0050 because it says income is counted in accordance to 0040 and now 0040 says it is not countable for our folks

- (c) If paid once every other week or biweekly, that amount is converted to a monthly amount by multiplying it by 2.15.
- (d) If paid once per week, that amount is converted to a monthly amount by multiplying it by 4.3.
- (8) Ongoing variable income is used as follows in prospective budgeting and eligibility so that the anticipated amount is the same for each month, unless otherwise stated in this rule.
- (a) For income paid more than once per month, determine an average amount per pay period in accordance with sections (8)(b) to (8)(d) of this rule. The average amount is then converted to a monthly amount as follows, if paid --
- (A) Twice per month, multiply by 2;
- (B) Every other week, multiply by 2.15; or
- (C) Once per week, multiply by 4.3.
- (b) For variable earned income based on an hourly wage when the past is representative, monthly income is determined by calculating an average number of hours per pay period, then these hours are multiplied by the hourly wage and converted to a monthly amount under section (8)(a) of this rule.
- (c) For variable earned income involving various rates of pay (overtime, shift differential, tips) when the past is representative, monthly income is determined by calculating the average income per pay period, then the average income is converted to a monthly amount under section (8)(a) of this rule.
- (d) For variable earned or unearned income when the past is representative and income cannot be calculated under section (8)(b) or (c) of this rule, monthly income is determined by averaging the income over:
- (A) A representative period of months by totaling the income for those months and dividing by the number of months used; or
- (B) A representative number of pay periods and converting to a monthly amount under section (8)(a) of this rule.
- (e) For variable earned and unearned income when the past is not representative of the income the financial group will receive during the eligibility period, the individual and the Department jointly determine the anticipated income.
- (9) Annualizing and Prorating Contracted or Self-Employment Income
- (a) Income from self-employment, including contract income while self-employed, is treated in accordance with OAR 414-175-0035 (81) unless the income meets the provisions of section (8)(b) of this rule.
- (b) If past contract income is not representative of future income or when a substantial increase or decrease is expected in countable self-employment income in the next year, costs as allowed under OAR 414-175-0035 (81) and anticipated income are used to determine the countable income.
- (c) Contract income that does not meet the criteria of self-employment income is treated as follows:
- (A) Income received during a less than 12-month period but intended as a full year's income is annualized.
- (B) Income received on an hourly or piecework basis or monthly over the term of the contract period is not annualized. It is treated as stable income under or variable income.
- (d) Contract income that is not the annual income of the financial group and not paid on an hourly or piecework basis is prorated over the period the income is intended to cover.
- (10) Periodic income is averaged over the applicable period.
- (11) If the budgeting method changes from prospective to retrospective, the Department treats income from a terminated source that was counted prospectively as follows:

- (a) If the actual amount received was less than or equal to the anticipated amount, the income is excluded.
- (b) If the actual amount received was greater than the anticipated amount, the Department counts the difference between actual and anticipated amounts.
- (12) When an individual is added to an ongoing filing group, income is budgeted in accordance with applicable sections of this rule to determine eligibility and benefit level.

(13) For filing groups eligible under Expanded Child Welfare (EXP-CW) income shall not be considered countable for purposes of this rule.

### Proposed Language 414-175-0051 Requirement to Make Copay or Satisfactory Arrangements

- (1) The Need Group must use a child care provider who meets the requirements in OAR 414-175-0080 and 414-175-0085.
- (2) The caretaker is responsible for paying the copayment to the primary provider of child care unless the Child Care Billing form was sent to the provider showing no copayment.
- (3) If the caretaker has only one provider during a month, that provider is the primary provider. A copayment is considered paid under any of the following circumstances:
- (a) On the first day of the month in which the caretaker makes the copayment or makes satisfactory arrangements with the provider.
- (b) On the first day of the month after three years have lapsed from the date the caretaker failed to make the copayment.

- (c) On the first day of the month in which the caretaker provides verification that the copayment debt was discharged by a bankruptcy filing.
- (7) The Department will make the payment to a provider if a Child Care Billing form is mailed to the provider prior to the notification described in section (6) of this rule.

### Proposed Language: 414-175-0085: Direct Provider Payments (Updated 1/24/25)

- (1) The Department makes payments on behalf of eligible individuals to the providers they select to care for their children. The payments are made directly to the provider. To be eligible for payment, a provider must:
- (a) Charge individuals receiving ERDC benefits at a rate no higher than the rate charged other customers;
- (b) Provide the Department their social security number (SSN) or IRS identification number; and
- (c) Meet the requirements of OAR 414-175-0080.
- (2) Payments to a provider of an individual receiving ERDC benefits are subject to each of the following limitations:
- (a) Before August 1, 2021, payment is made for child care already provided in the ERDC program for all providers except Certified Centers certified by the Office of Child Care who receive payment in advance for anticipated hours a child is in care for the month.
- (b) Payment is made for the amount charged to the individual but may not exceed the rate authorized in OAR 414-175-0075.
- (c) No payment will be authorized unless the individual has designated a primary provider.
- (d) No payment will be made for less than one dollar.
- (e) Except as provided otherwise in subsection (f) of this section, a payment is made only for child care provided on or after the date the designated provider has met the requirements to be listed and paid

through the Department.

- (f) A designated child care provider who the Department approves to be listed and paid through the Department may receive payment for child care provided prior to obtaining Department approval if the provider met the other Department requirements and was licensed under OAR 414-205-0000 to 414-205-0170, 414-350-0000 to 414-350-0405, 414-305-0100 to 414-305-1620, or 414-310-0100 to 414-310-0720.
- (g) A caretaker signature is not required on child care billing forms.
- (h) A provider caring for an eligible child may receive payment in advance for hours the child is scheduled to be in care for the month.

- (A) The Department does not pay any other child care provider for child care at the ineligible provider's site.
- (B) The Department does not pay a child care provider at another site if the <u>ineligible</u> provider is <u>involved</u> in the child care operation unless the Department determines that the reasons the provider is <u>ineligible</u> are not relevant to the new site.
- (3) The Department may issue a payment to an eligible provider during a month for which child care is being provided to meet an unexpected need of the provider related to the care of a covered child. The payment may be made if, without the payment, continued care by the same provider would be jeopardized and the client could not immediately obtain child care from another provider.
- (4) Child care providers must submit claims for child care on the appropriate form designated by the Department.
- (a) The provider is responsible to obtain the appropriate payment form from the Department and to return the completed form to the Direct Pay Unit of the Department; or
- (b) If using the Department tracking system, the provider is responsible to ensure children are checked in and out appropriately and payment requests are submitted through the system.
- (5) No payment will be made for:
- (a) A paper claim not received by the Department by the last day of the third month after the form was issued unless the Department determines the provider had good cause for not returning the form timely.
- (b) An electronic claim if the request is not submitted by the 10th of the month following the month care is provided unless the Department determines the provider has good cause for not submitting the electronic claim timely.
