

Become a Registered Family Child Care Provider

Getting Licensed Through the Child Care Licensing Division

As an unlicensed child care provider, you cannot provide care to more than three children from more than one family at any given time. This does not include your own children.

Once you have a Registered Family (RF) child care license issued by the Child Care Licensing Division (CCLD), you may care for up to 10 children at any given time.

- Six of the ten children may be preschool age or younger (not yet eligible for Kindergarten)
- Two of the children may be under the age of two
- This **does** include your own children who are under 10 years of age.

Next Steps: In order to become registered, you need to:

1. Complete the Introduction to Registered Family Child Care Part 1 online at campus.educadium.com/OCCD
2. Complete the following trainings:
 - ☐ Introduction to Registered Family Child Care Part 2
 - ☐ Introduction to Child Care Health and Safety
 - ☐ Recognizing and Reporting Child Abuse and Neglect
 - ☐ Infant and Child First Aid and CPR (must be in person)
 - ☐ Food Handler Card
 - ☐ Safe Sleep for Oregon Infants
 - ☐ Foundations for Learning child development training
3. Have all residents of the home, 18 and older, complete a background check through the CCLD; to enroll in the Central Background Registry (CBR) go online to <https://www.oregon.gov/delc/providers/pages/cbr.aspx> and click on **Central Background Registry**
4. Have your water tested for lead by an approved lab
5. Send in your Registered Family application and fee (you will get this at the part 2 training)
6. Schedule a Health and Safety Review with your Licensing Specialist when they call

Contact Child Care Resource and Referral (CCR&R) for training information: 1-800-342-6712 or go online to: [ORO Training Calendar](#)

Important: You are not a licensed provider until after you have completed all the above steps and a licensing specialist has issued you a license number at the health and safety review of your home. Your license must be approved **before** you can care for more than three children at one time.
