## Terms of System Use Agreement

### Acceptance of terms

The services that the Clean Fuels Program and the Greenhouse Gas Reporting Program of the Oregon Department of Environmental Quality ("DEQ") provides to you are subject to the following Terms of Use. DEQ reserves the right to update the Terms of Use at any time without notice to you. The most current version of the Terms of Use will be provided to you upon your request and is available to you when you login to the system. You are responsible for checking the DEQ website for updates to the Terms of Use and are responsible for reading and understanding those changes. If you do not agree to the changes, you must stop using the Services.

Your continued use of the Services constitutes acceptance of changes to the Terms of Use.

### Description of services

DEQ provides you with access to the web-based reporting tool for the Clean Fuels Program and the Greenhouse Gas Reporting program (collectively "Services"). The Services, including any updates, enhancements or new features, are subject to these Terms of Use.

### Use limitations

You may only use these Services for its intended use of complying with the reporting requirements of the Clean Fuels Program. You may not modify, copy, distribute, transmit, display, perform, reproduce, publish, license, create derivative works from, transfer, or sell any information, software, products or services obtained from these Services.

### Privacy and protection of personal information

DEQ is committed to protecting the security of your personal and company information. We use a variety of security technologies and procedures to help protect your personal and company information from unauthorized access, use or disclosure. Access to personal and company information is limited to authorized system administrators and application developers. DEQ will treat the information you provide as confidential, except as may be required to be disclosed under the Oregon Public Records Law.

### Notice specific to users of this software

IN NO EVENT SHALL DEQ, OR ITS RESPECTIVE SUPPLIERS, BE LIABLE FOR ANY SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES OR ANY DAMAGES WHATSOEVER RESULTING FROM LOSS OF USE, DATA OR PROFITS, WHETHER IN AN ACTION OF CONTRACT, NEGLIGENCE OR OTHER TORTIOUS ACTION, ARISING OUT OF OR IN CONNECTION WITH THE USE OR

PERFORMANCE OF SOFTWARE, DOCUMENTS, PROVISION OF OR FAILURE TO PROVIDE SERVICES OR INFORMATION AVAILABLE FROM THE SERVICES.

## **Member account, password and security**

To connect to the Services, you completed the online registration process. Once your account is approved, your selected username and password can be used to access the system. You will be required to change the password on a regular basis. You are entirely responsible for maintaining the confidentiality of your password and account. Furthermore, you are entirely responsible for any and all activities that occur under your account. You agree to notify DEQ immediately of any unauthorized use of your account or any other breach of security. DEQ will not be liable for any loss that you may incur as a result of someone else using your password or account, either with or without your knowledge.

However, you could be held liable for losses incurred by the DEQ or another party due to someone else using your account or password. You may not use anyone else's account at any time. DEQ reserves the right, in its sole discretion, to terminate your access at any time, without notice.

## **No unlawful or prohibited use**

As a condition of your use of the Services, you will not use the Services for any purpose that is unlawful or prohibited by these terms, conditions, and notices. You may not use the Services in any manner that could damage, disable, overburden, or impair any State of Oregon server or the network(s) connected to any State of Oregon server or interfere with any other party's use of any Services. You may not attempt to gain unauthorized access to any Services, through hacking, password mining or any other means. You may not obtain or attempt to obtain any materials or information through any means not intentionally made available through the Services.

## **General terms**

The laws of the State of Oregon govern all matters arising out of or relating to these Terms of Use. Any claim, action, suit or proceeding (collectively, "Claim") between DEQ and you that arises from or relates to use of the Service shall be brought and conducted solely and exclusively within the Circuit Court of Marion County for the State of Oregon; provided, however, if a Claim must be brought in a federal forum, then it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. In no event shall this be construed as a waiver by DEQ of any form of defense or immunity, whether it is sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any Claim or from the jurisdiction of any court. USER, BY USING THE SERVICE, HEREBY CONSENTS TO THE IN PERSON AND JURISDICTION OF SAID COURTS.

## **Certification of Signatory Authority with Electronic Signature**

By completing this electronic form, you are agreeing that you, the user, agree to the Terms of Use and that you acknowledge you are providing an “electronic signature,” as that term is defined in applicable federal and state laws, which shall be as effective, enforceable, and valid as if a paper version of the Terms of Use were delivered containing your original written signature.

## **Submittal of Reports**

By clicking the “submit report” button, I certify that under penalty of law, I have personally examined and am aware of the information submitted in this report and all attached documents, and I believe that the submitted information is true, accurate, and complete, and further that I understand that knowingly submitting false information in this application may result in civil or criminal liability.

# Introduction

The Oregon Fuels Reporting System (OFRS) was developed to combine the existing reporting requirements for fuels suppliers under the Greenhouse Gas Reporting Program ([OAR 340-215](#)) and the Clean Fuels Program ([OAR 340-253](#)). The new system will allow for a unified reporting method that simplifies the process for reporters and eliminates duplicative reporting to DEQ, while also improving the accuracy of data collected by these programs.

This user guide was developed for the regulated parties who are reporting to the Clean Fuels Program (CFP) and Greenhouse Gas Reporting Program (GHG RP).

If you are a Fuel Producer that does not have quarterly reporting requirements in the program or are looking for how to register your facility and apply for a fuel pathway, please refer to the **Alternative Fuels Portal** user guide for directions on that portion of the system.

You will find a link to the OFRS here: <https://cfprt.deq.state.or.us/>

# Registering an Organization

**NEW USERS**

Please contact the administrator for your organization if this is your first time using the Oregon Fuels Reporting System and you need a user account.

**Registering an Organization**

Select "Register Organization" below if you are the designated administrator for Oregon Fuels Reporting System and have not registered your organization in order to file reports with DEQ's Oregon Fuels Reporting System (OFRS) and/or Greenhouse Gas Reporting Program (GHG RP). You will be assigned the Administrator role for your organization upon registration and approval of your organization's account by DEQ. At that time you will be able to login and assign roles to other users. Only users given Signatory Authority may submit CFP and GHG RP reports.

Register Regulated Party

**Registering a Fuel Producer**

Register here if you are the designated administrator for an alternative fuel production company/facility and want to register in the CFP Alternative Fuels Portal. This is a program for registering fuel production facilities, requesting fuel pathway codes, and for facilitating the third party verification process for applicable facilities. Upon registration and approval of your account by DEQ you will be able to login to the Alternative Fuels Portal (AFP) and register your fuel production facilities.

**Step 1.** Download and complete the Account Registration Form, then Proceed to **Step 2.**

### Step 1. Completing the OFRS Account Registration Form

The Oregon Fuels Reporting System is comprised of three modules, including the tightly integrated Reporting Tool (RT) for the Clean Fuels Program (CFP) and Greenhouse Gas Reporting Program (GHG RP), and the Credit Bank & Transfer System (CBTS) for the Clean Fuel Program, along with the Alternative Fuels Portal (AFP) for the CFP. The RT supports the quarterly and annual reporting by Fuel Reporting Entities for the CFP and GHG RP. The CBTS supports the transfer of credits between buyers and sellers participating in the CFP. This registration is for the RT and CBTS, and it involves a series of four steps before a request for an account registration can be submitted. The information provided is reviewed by the LRT administrator for approval.

To establish an account in the OFRS, a fuel reporting entity or credit generator must qualify pursuant to OAR 340-253 for the CFP or OAR 340-215 for the GHG RP. A fuel reporting entity that desires to establish separate accounts for separate subsidiaries must register each subsidiary separately. Each company that receives a user account must file quarterly and annual reports and demonstrate compliance separately.

#### Completing the “OFRS Account Registration Form”

The Account Registration Form is provided below for download. This form is to be used to establish the “Basis” for the registration and to certify the person as the Primary Account Representative/Administrator who has primary responsibility for all information provided as part of the registration process in the OFRS. It also identifies a Secondary Account Representative/Administrator for the account. The Account Representatives/Administrators are responsible for all data submitted by the registering party and the account administration for the organization/company. A completed OFRS Account Registration Form is required to be uploaded in Step 2 of the OFRS registration process. See the instructions included in this form.

**Step 6.** Select your organization's registration categories. You should select each type of fuel that your organization currently buys, sells, or otherwise handles in Oregon. You will be able to update these registration categories within your account.

Some fuel types, such as aviation fuels and propane, are only reported to the Greenhouse Gas Reporting Program and only appear as "GHG Registration Categories". Other fuel types, such as gasoline and diesel fuel, appear under both the CFP and GHG Registration categories. You should select the option under the "CFP Registration Categories" UNLESS you are a small importer under the Clean Fuels Program (less than 500,000 gallons of total finished fuels imported each year) and not required to report quarterly to the CFP. These small importers should select the Motor Gasoline or Distillate Fuel Oil "GHG Registration Categories".

Your category selection will determine the actions available to you within the system. Companies that only report to the Greenhouse Gas Reporting Program should only select fuels under the "GHG Registration categories".

If you are reporting to both the CFP and the GHG RP, you will need to select fuels under both categories. This will ensure that you have access to both CFP and GHG RP reporting.

For credit generators and/or aggregators, select the plus sign next to "A credit generator...". This will show a dropdown list of the fuels for reporting in this category. Choose all that you will be reporting for – remember this is essential to get the tabs you need added to your profile so that you can complete reporting in the system. Aggregators should select the same registration categories as the companies for which you are aggregating.

This will also open another portion of the screen that includes the Add Designator(s) button. This is where aggregators will list out the organizations that they are reporting for within the system.

You can register additional parties designating you as their aggregator through the Organization Profile tab at any time. Once you are done, click on the Register Organization button. You will get the following message.

OFRS Organization Registration Acknowledgment
<p>Dear User,</p> <p>Your request for an OFRS Administrative Account for your organization has been received. You will be notified by email when your account has been activated. This will typically be within 24 hours of receipt Monday through Friday. As an Administrator you will be able to create and manage additional accounts for users within your organization.</p> <p>Send questions and comments to <a href="mailto:OregonCleanFuels@deq.state.or.us">OregonCleanFuels@deq.state.or.us</a></p> <p><input type="button" value="Back to Login Page"/></p>
<p><a href="#">CFP Online System Home</a> <a href="#">Terms of Use</a> <a href="#">Visit CFP Home</a> <a href="#">Visit GHG RP Home</a> <a href="#">Back to Top</a></p>

You will be notified by email when your account has been activated. This will typically be within 24 hours of receipt Monday through Friday. After the account has been activated, you will be able to log into the system. Note that the system will send 3 separate emails:

- An account creation confirmation
- A temporary password to log into the system for the first time
- A Security Identification Code (SIC) for use in CFP credit transfers. SICs are issued at the organizational level and allow you to initiate and accept credit transfers.

The first time you log into the system, you will be prompted to set your password and create security questions for your account. You will also need to accept the system's terms of use.

# Navigating the System

After logging in, you will be taken to the main screen.

The screenshot shows the main interface of the Oregon Fuels Reporting System. At the top is a navigation bar with buttons for 'Home', 'User Profile', 'Org Profile', and 'Annual Reports'. Below this is a welcome message: 'Welcome: M Test for MoDean's II Fuels' followed by a dropdown menu currently showing 'GHG USERS'. The main content area contains several paragraphs of text: a disclaimer about data being regarded by ODEQ, an announcement about updated CFP Online System transactions with links to a regulatory bulletin and webinar slides, a new FAQ announcement, and a note about clearing the Chrome cache. Below this is a section titled 'Important Note to Reporting Parties' with a disclaimer and a 'read more' link. At the bottom of the main content area is a 'Technical Files' link. A footer note states 'The Homepage of the CFP Online System was updated Jan 23, 2018.' The very bottom is a dark green bar with links: 'CFP Online System Home', 'Terms of Use', 'Visit CFP Home', 'Visit GHG RP Home', and 'Back to Top'.

This screen will show any current system messages from DEQ. At the top of the screen, you will find a navigation bar to access different functions within the system. Next to your username and organization name, there will be a drop down menu that allows you to move between different user types that you have authorization to access (See the **Accounts and Roles** section for more details on user roles). At the bottom of the screen, you will find links to program websites where you can find additional resources and guidance.

This image is a close-up of the top right portion of the system interface. It shows the navigation bar with buttons for 'Home', 'User Profile', 'Org Profile', and 'Annual Reports'. To the right of these buttons is a dropdown menu. The dropdown menu is currently open, showing three options: 'GHG USERS' (the selected option, highlighted in grey), 'ADMINISTRATOR' (highlighted in white), and 'GHG USERS' (highlighted in blue). The dropdown menu has a small downward arrow icon on the right side.

# Accounts and Roles

When users log into the System, they are presented with different sets of tabs, depending on the authorization provided by the role assigned to them within their account. A number of roles can be assigned by the "Regulated Party" administrator. The roles and the associated tabs available to those users for accessing OFRS are described below.

Home	User Profile	Org Profile	Buy (0) & Sell (0)	Partners	Producers	FPC	CFP Reports	Annual Reports	Data	RptReviews
------	--------------	-------------	--------------------	----------	-----------	-----	-------------	----------------	------	------------

**Admin without Signatory Authority (w/o SA)** – This role provides authorization to establish and activate user accounts for the registered organization, as well as the ability to upload data into the OFRS system. There is no authorization to submit reports, or to access CFP credit bank and transfer related functions.

Home	User Profile	Org Profile	Buy (0) & Sell (0)	Credit Transfers	Credit Balance	Partners	Producers	FPC	CFP Reports	Annual Reports	Data
RptReviews											

**Admin with Signatory Authority (SA)** – This role has all the functions of the administrator role above. The signatory authority provides additional authorization to submit Quarterly and Annual Reports, initiate and view all credit transfers and credit transfer activity, access to the Credit Balance ledger for the organization, and select/authorize credit facilitators who may initiate and complete credit transfers on the administrator's behalf. Users with this role will be emailed a Security Identification Code (SIC) for their organization; this code is needed for credit transfers. They also receive system-generated emails regarding credit transfer activities (e.g., initiating, submitting, accepting, and recalling credits).

**Note:** After registering an organization with the OFRS online system, the persons associated with the initial two accounts are assigned the role of Administrator with Signatory Authority.

Home	User Profile	Org Profile	Buy (0) & Sell (0)	Partners	Producers	FPC	CFP Reports	Annual Reports
------	--------------	-------------	--------------------	----------	-----------	-----	-------------	----------------

**Contributor without Signatory Authority (w/o SA)** – This role is authorized to upload data in preparation for report submittal. These users are not authorized to submit reports, perform credit transfers, or to add or modify user accounts.

Home	User Profile	Org Profile	Buy (0) & Sell (0)	Partners	Producers	FPC	CFP Reports	Annual Reports
------	--------------	-------------	--------------------	----------	-----------	-----	-------------	----------------

**Contributor with Signatory Authority (SA)** – This role is authorized to upload data and submit reports. These users are not authorized to perform credit transfers, or to add or modify user accounts.

Home	User Profile	Org Profile	Buy (0) & Sell (0)	Partners	Producers	FPC	CFP Reports	Annual Reports
------	--------------	-------------	--------------------	----------	-----------	-----	-------------	----------------

**Reviewer** – This role is authorized to access all the reporting activities in a Read-Only mode and to update their own user account profile. This role cannot be given signatory authorization.

Home	User Profile	Org Profile	Buy (0) & Sell (0)	Credit Transfers	Credit Balance	Partners	Producers	FPC	CFP Reports	Annual Reports
Registered FSE										

**Credit Facilitator** – This role has no ability to submit reports, but can review all reporting activity for their organization. They can initiate and complete credit transfers, add credits to the listing of "Credits to Sell," and access the Incoming and Outgoing Credit Transfer Logs. Users with this role will receive an email containing the Security Identification Code (SIC) for their organization, which enables them to perform credit transfers. They will also receive system-generated emails regarding credit transfer activities (e.g., initiating, submitting, accepting, and recalling transfers).

Home	User Profile	Org Profile	Annual Reports
------	--------------	-------------	----------------

**GHG User** – This role has the ability to access annual reporting for both the CFP and GHG programs, and can submit these reports if given signatory authority.

# OFRS Tab Reference

**Please note:** if you are a GHG Reporting Only user or organization, you will only see the Home, User Profile, Org Profile, and Annual Reports. If you are Hybrid or CFP Only Organization, depending on your role and Organization's registration status you may see the following tabs.

Home	User Profile	Org Profile	Buy (0) & Sell (0)	Credit Transfers	Credit Balance	Partners	Producers	FPC	CFP Reports	Annual Re
RptReviews	Facility-FSE	Registered FSE								

<b>Home</b>	This tab provides any notifications, administrative messages and other information related to reporting requirements and the OFRS. It is same for all account roles.
<b>User Profile</b>	This tab is available to all users for checking information related to their user profiles. The admin role can also establish and activate new user accounts for the registered organization and manage existing user accounts in this tab, including resetting passwords.
<b>Org Profile</b>	This tab is available to all users to check information related to the registered organization profile. The admin role can edit and update this information.
<b>Buy &amp; Sell</b>	This tab provides an option to post credits for sale and information of credits already posted for sale.
<b>Credit Transfers</b>	This tab is to initiate a credit transfer between organizations. A Credit Transfer e-Form needs to be filled out to initiate a transfer which can be accessed by clicking on 'Initiate Transfer' button. This tab also provides information about any pending or completed transfers.
<b>Credit Balance</b>	This tab provides a detailed listing of generated credits and deficits and a record of credits transferred.
<b>Partners</b>	This tab displays a list of all the entities registered in the OFRS system which may be business partners in fuel transactions.
<b>Producers</b>	This tab displays a list of Alternative Fuel Producers registered in the OFRS. Information can be filtered by fuel type and fuel pathway codes and exported to an Excel file.
<b>FPC</b>	This tab provides access to a list of all available Fuel Pathway Codes (FPCs) in the CFP. This can also be filtered and exported to an Excel file.
<b>CFP Reports</b>	This tab provides access to begin, edit or review both quarterly and annual reports for the registered organization for CFP reporting. An administrator with signatory authority can submit reports.

<b>Annual Reports</b>	This tab provides access to perform annual reporting for the CFP and GHG RP.
<b>Data</b>	The Data tab provides access to a set of reports. This is where you can find the Reconciliation Report for reviewing and finding reporting discrepancies between business partners.
<b>RptReviews</b>	This tab is used to post questions and/or issues by either users by the administrator. It is also where verifiers submit their verification statement for the reports filed with the CFP and/or GHG RP except for the annual fuel pathway report.
<b>Facility FSE</b>	This tab provides access for CNG, LNG, electricity, and hydrogen fuel providers to register their FSE. This tab is only visible if you have selected to report these fuels.
<b>Registered FSE</b>	This tab displays a list of registered FSE by the particular organization. This tab is only visible if you have selected to report these fuels.

# Adding a User

An Administrator can add additional users to their account. To add a user account, click the **User Profile** tab as shown below.

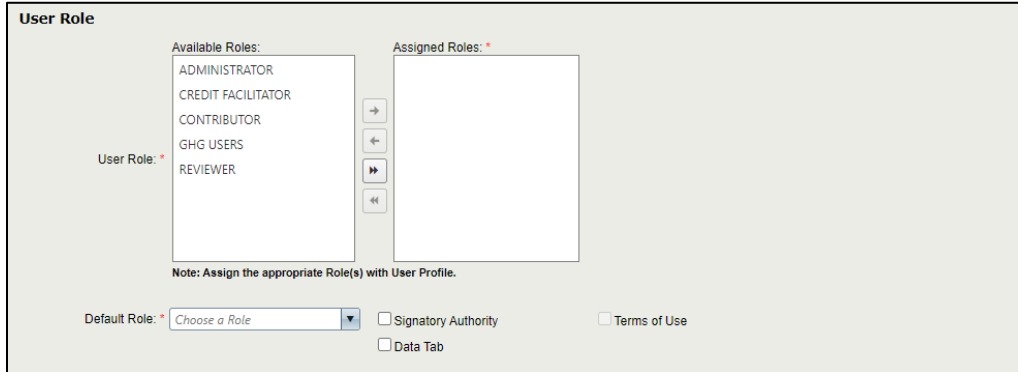

**Step 1:** Enter the Name (First and Last), Title and Relationship to your Organization, Phone number, and Email for the new user. Ensure that the "User Active" box is checked

- **User Locked:** Select to lock the user account. Unselect if a user's account has been locked due to too many failed login attempts.
- **User Active:** Select to ensure user account is active. You can deactivate accounts if a user leaves your company or no longer has a reason to access OFRS.
- **Password Reset:** Select when a password reset is required. The user will be forced to reset their password on their next login.
- **Primary Contact:** Select if the user is the primary contact for communication with DEQ regarding the account.

A screenshot of the 'Manage User Profile' form. The form has a green header bar with the title 'Manage User Profile'. Below the header, the form is divided into sections. The 'User Details' section contains input fields for First Name, Last Name, Middle Initial, Title, Business Phone, Mobile Phone, Email, and Confirm Email. There is also a dropdown menu for 'Relationship to the Organization'. Below the input fields, there are four checkboxes: 'User Locked' (unchecked), 'User Active' (checked), 'Password Reset Needed' (unchecked), and 'Security Question Reset Needed' (checked).

**Step 2:** Select the appropriate user role(s) from the list of available roles (ADMINISTRATOR, CONTRIBUTOR, REVIEWER, CREDIT FACILITATOR, or GHG USER) and move these to the assigned roles box. Then select which of the assigned roles should be the default role for this user. Select only one assigned role for each user. For more information on these roles, please refer to the **Accounts and Roles** section of this document. Select whether this user should have Signatory Authority and whether they can access data tabs within the system.

- **Signatory Authority:** Select if the user needs signatory authority to submit quarterly/annual CFP or GHG RP reports. This designation is not available to all user roles, but only to Administrators and Reviewers.
- **Data Tab:** Select to provide the user account access to CFP or GHG RP reported data for download.

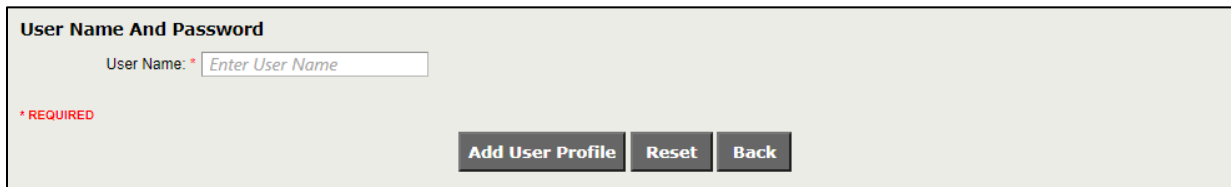

The 'User Role' interface features a 'User Role:' label with an asterisk. To its right is a list of 'Available Roles' including ADMINISTRATOR, CREDIT FACILITATOR, CONTRIBUTOR, GHG USERS, and REVIEWER. Between this list and an empty 'Assigned Roles:' box are four directional arrows: a single right arrow, a single left arrow, a double right arrow, and a double left arrow. Below the role lists is a note: 'Note: Assign the appropriate Role(s) with User Profile.' At the bottom, there is a 'Default Role:' dropdown menu currently showing 'Choose a Role', and two checkboxes: 'Signatory Authority' and 'Data Tab', both of which are unchecked. A 'Terms of Use' checkbox is also present but is not visible in the provided image.

**Step 3:** Enter a Username for the new user.

**\*Note:** The Username cannot be changed once the user account is created.

**\*Note:** A temporary password will be sent to the new user at the email address provided. They will be prompted to change the password when they log into the system.

**Step 4:** Click the **Add User Profile** button. The user account information will be listed in the grid at the bottom of the web page.

The 'User Name And Password' form contains a 'User Name:' label with an asterisk and a text input field with the placeholder text 'Enter User Name'. Below the input field, the text '\* REQUIRED' is displayed in red. At the bottom of the form are three buttons: 'Add User Profile', 'Reset', and 'Back'.

# Updating a User's Account

To update an account, click **See Details** under the User Details column for the account you wish to update. Make the desired edits to the account, and then click **Update User Profile**.

**Note:** Do not remove the Administrator role from all active accounts within your organization, or you will be unable to restore administrative functions.

The screenshot shows a web form for updating a user profile. The form is divided into three main sections: 'User Details', 'User Role', and 'User Name And Password'. At the bottom, there are three buttons: 'Update User Profile', 'Reset', and 'Back'. A red circle is drawn around the 'Update User Profile' button, and a red arrow points to it from the left.

# Adding Quarterly Data Manually

Once you log into the Tool, you can immediately begin uploading data. Start by clicking the **CFP Reports** tab.

Select the Year and Quarter for which you are submitting information and click **Go**.

The “Add New Fuel” section of the page includes three pieces of information:

1. Fuel Name
2. Fuel Application
3. Fuel Pathway Code

Each piece of information will have a drop down list, from which users can make selections. The following is an example of how to enter a new fuel:

1. The Fuel Name is “Gasoline.”

Complete the fuel transaction form, entering data into the fields as follows:

- Transaction Date – This can be a single date for an individual transaction. Or, if you are submitting aggregated data, use the last day of the compliance period.
- Business Partner – Select "Undefined".
- Transaction Type – Select whichever is appropriate to describe the transaction.
- Biofuel Facility – Leave this blank, unless you are reporting a biofuel. If you are reporting a biofuel, select the correct facility from the list.
- Transaction Quantity – Enter the volume imported for this fuel pathway.
- Physical Pathway Code – Select the physical pathway that covers how the fuel crosses into Oregon.

# Using XML or Excel templates to add Quarterly data

If you have many transactions or want to enter them all at once, you can use the XSD for XML file upload or Excel Template for File Upload, found on the Home page of OFRS. Ensure that you download a fresh copy of the file for each quarter as changes occur as fuel pathway codes are added and other changes are made.

**Technical Files**

Once you have all the transactions in the file, you are ready to upload the report. You will find the upload button on the same page where you added fuels and transactions, the CFP Quarterly Report Details page.

Upload Report (XML or Excel)

Choose the file you have created and then upload the file.

File Name \*  No file chosen

The file will upload and you will get a message telling you if it uploaded correctly or if there were issues. If it uploaded successfully you will be taken back to the CFP Quarterly Report Details and you will see that your transactions have been added.

If there were issues, you will get an errors list that you will need to fix before you can re-upload the document. You can export the list of errors to a file for review, this is recommended.

**If you cannot determine what an error means or have issues fixing the errors, please contact us at [OregonCleanFuels@deq.oregon.gov](mailto:OregonCleanFuels@deq.oregon.gov) and we will assist you. Including the file you uploaded and the file with errors is recommended so we can troubleshoot the issue more easily.**

## Registering Fuel Supply Equipment (FSE) for Reporting

If you chose credit generator fuels on the Org Profile tab, you will see a Facility-FSE tab and a Registered FSE tab added to the tabs at the top of your screen. This is where you register Fuel Supply Equipment and review Registered FSE.

Home User Profile Org Profile Buy (0) & Sell (0) Credit Transfers Credit Balance Partners

RptReviews Facility-FSE Registered FSE

You will fill out information detailing the FSE equipment using the Facility – Fueling Supply Equipment (FSE) Registration Template. Detailed instructions on how to fill out the registration

template are included in the FSE User Guide, found on [the Guidance documents](#) page for the Clean Fuels Program.

# Adding Transactions for FSE Manually

Adding transactions for FSE can be done manually by adding the correct fuel type for reporting and selecting the correct Fuel Application and Fuel Pathway Code on the Add New Fuel screen.

**Add New Fuel**

- HDV-Electric Forklift
- HDV-Electric TRU (eTRU)
- Light Duty or Medium Duty Vehicles
- LDV/MDV-Battery EV or Plug-in Hybrid EV
- LDV/MDV-Electric Motorcycle

Transactions are then added in the same way as they were for other fuel types and applications but you will need to choose the individual FSE you are reporting for in the transaction screen. Repeat this action for as many transactions as you have to add.

# Fuel transaction types available for use in the OFRS

Contact us with any questions with the description or obligation indicator for the fuel transaction types.

Fuel Transaction Types	Description	Obligation Indicator
EV charging	For reporting electricity used to charge electric vehicles.	+
Exempt fuel use - Aircraft	For reporting fuel delivered for use in aircraft.	-
Exempt fuel use - Farm vehicles, tractors, implements of husbandry	For reporting fuel delivered for use in farm vehicles, tractors, or implements of husbandry.	-
Exempt fuel use - Locomotives	For reporting fuel delivered for use in locomotives.	-
Exempt fuel use - Military tactical and support vehicle and equipment	For reporting fuel delivered for use in military tactical and support vehicle and equipment.	-
Exempt fuel use - Motor trucks primary used to transport logs	For reporting gallons delivered for use in motor trucks primarily used to transport logs.	-
Exempt fuel use - Off-highway construction vehicles which must meet OAR 340-253-0250(2)(a)(J)	For reporting fuel delivered for use in off-highway construction vehicles as defined in OAR 340-253-0250(2)(a)(J). The covered vehicles for this transaction: cannot be designed primarily to transport persons or property; can only be operated on highways incidentally; and are used primarily for construction work.	-
Exempt fuel use - Racing Activity Vehicles (ORS 801.404)	For reporting fuel delivered for use in racing activity vehicles as defined in ORS 801.404.	-
Exempt fuel use - Watercraft	For reporting fuel delivered for use in watercraft.	-

<b>Fuel Transaction Types</b>	<b>Description</b>	<b>Obligation Indicator</b>
Export out of Oregon distribution system	For reporting fuel being transported out of the Oregon distribution system. If you report a "Purchase below the rack for export", you must also add "Export out of Oregon distribution system" transaction for those gallons.	-
Gain of inventory	For reporting a gain of inventory from physical changes in the fuel or moving fuel from one quarter into another for reporting.	+
H2/FCV Fueling	For reporting hydrogen fuel cell vehicle fueling.	+
Import outside of the bulk system	For reporting fuel imported by truck, barge, or rail into intermediate storage owned by a single entity which then delivers it directly to the end user or a retail gas station. Fuel imported by any mode directly to a retail gas station, card lock, or otherwise being delivered directly to the end user of the fuel. These gallons will be summed as "fuel importer" emissions for the GHG report.	+
Import within the bulk system	For reporting fuel used by entities importing fuel into the state of Oregon and placing it into the bulk system. Bulk system means the fuel distribution system consisting of refineries, pipelines, vessels and terminals. The "bulk system" definition excludes intermediate storage, which is generally owned by a single party and is used to temporarily hold finished fuels before being delivered to the end user or a retail gas station. These gallons will not be included in the GHG RP annual report.	+
Loss of inventory	For reporting fuel used for loss of inventory from physical changes to the fuel or when moving fuel from one quarter to the other.	-
LPG fueling	For reporting liquefied petroleum gas vehicle fueling.	+
NGV fueling	For reporting natural gas vehicle fueling.	+
Not used for transportation	For reporting fuels that are being delivered for non-transportation use.	-
Position Holder Sale for Export	For reporting position holder sales where the bill of lading is for an out of state destination or the purchaser reports that the fuel was exported out of state. If the exporting party is in the system, tag them	-

<b>Fuel Transaction Types</b>	<b>Description</b>	<b>Obligation Indicator</b>
	as the business partner, otherwise use the undefined business partner (14-9876543).	
Position Holder Sale without obligation	For reporting position holder sales for gallons staying in the state. This can be aggregated on a monthly or quarterly basis. These gallons will become "Position Holder" gallons on the GHG annual report. If through reconciliation it is found that the gallons were exported, the position holder must change the transaction type from the Position holder sale without obligation to Position holder sale for Export.	o
Production in Oregon	For reporting fuels produced in Oregon.	+
Purchase below the rack for Export	For reporting purchases below the rack for export, tag the position holder as the business partner. If using Purchase below the rack for export, an "Export out of Oregon distribution system" transaction for those gallons must also be added to the reporting.	+
Purchased with obligation transfer	For reporting fuel purchased above the rack where obligation is not being passed to the buyer. Also used for purchases below the rack that are going to exempt uses or to a production facility where obligation is not being passed from the seller to the buyer.	+
Purchased without obligation transfer	For reporting fuel purchased above the rack where obligation is not being passed to the buyer. Also for reporting fuels purchased below the rack that are going to exempt uses or being transported to a production facility where obligation is not being passed from the seller to the buyer.	o
Sold with obligation transfer	For reporting fuel sold above the rack where obligation is being passed to the purchaser. Also for reporting fuels sold below the rack going to exempt uses or being transported to a production facility in Oregon where obligation is being transferred to the buyer.	-
Sold without obligation transfer	For reporting fuel sold above the rack where obligation is not being passed to the purchaser. Also for reporting fuels sold below the rack that are going to exempt uses or being transported to a production facility in Oregon where obligation is not being passed to the buyer.	o

# Submitting a Quarterly Report

Once you've generated a report by adding fuel types and transactions, it is ready to submit. In the example for Q4 2015 below, the Report Status is "Open." To view any previously uploaded fuel transaction data, click Go to Report Details.

CFP Quarterly Reports											
		Reports From:		Quarter 1	2015	To:	Quarter 4	2015	<b>Go</b>

You'll get the following message if your submission is successful:

**Successful Quarterly Report Submission**

**Report submission was successful and the report is now locked. It can be reopened for correction by selecting "Unlock Report".**

Ok

The Report Status will change to "Initial Report Submission" and the report will be locked. This prevents additional edits/corrections from being made to the report. You must submit a **request to unlock a report** in order to make corrective edits; this is done by clicking the **Unlock Report** link.

# Submitting an Annual Report

You may not submit the Annual Report unless you have submitted all previous quarterly and annual reports, and the Report Status is either "Initial Report Submission" or "Corrections have been approved by DEQ" for each previous quarterly report.

In the example below, all four quarterly reports have been submitted and the Report Status indicates that all the reports have been submitted and are "locked."

# Submitting a Greenhouse Gas Annual Report

For additional guidance on reporting protocols for the Greenhouse Gas Reporting Program, see the [Greenhouse Gas Reporting Resources and Forms](#) webpage.

## CFP Aggregate Data

Your Greenhouse Gas (GHG) Annual report will automatically pull data from your submitted CFP quarterly reports. Due to this, ensure that all CFP quarterly reports have been submitted prior to beginning your GHG report. In addition, if after submitting your GHG RP annual report you make any changes to your CFP quarterly reporting that impacts the information to be reported to GHG RP, you will need to request to re-open and re-submit that annual report.

To access your GHG report, navigate to the **Annual Reports** tab and click "Go to Report" under the GHG Reporting Program section.

The screenshot shows the CFP Online System interface. At the top, there is a navigation bar with tabs: Home, User Profile, Org Profile, Buy (1) & Sell (1), Credit Transfers, Credit Balance, Partners, Producers, FPC, CFP Report, **Annual Reports** (highlighted with a red box), and Data. Below the navigation bar is a 'RptReviews' button and a welcome message: 'Welcome: Test H for MTestH'. The main content area is titled 'Annual Reports' and contains two tables. The first table is 'Clean Fuels Program' with columns: Year, Due Date, Submitted, and Annual Report. It shows data for 2020 with a due date of 04/30/2021 and a 'Go to Report' link. The second table is 'GHG Reporting Program' with columns: Year, Due Date, Submitted, Annual Report, and Unlock Report. It also shows data for 2020 with a due date of 04/30/2021 and a 'Go to Report' link (highlighted with a red box) and an 'Unlock' button. At the bottom, there is a footer with links: CFP Online System Home, Terms of Use, Visit CFP Home, Visit GHG RP Home, and Back to Top.

At the top of your GHG Annual report screen, you will see aggregated fossil fuel volumes from your quarterly CFP reports. All transactions that were reported as a "Position Holder Sale without Obligation" will be shown here as "Position Holder" gallons.

All transactions that were reported as "Import outside the Bulk System" will be shown here as "Fuel Importer" gallons.

# Adding Fuel Specific Detail to a Greenhouse Gas Annual Report

For each fuel type and supplier type, you may change some or all of the unknown gasoline or diesel fuel gallons to a more specific formulation type, as described in the [reporting resources](#).

To do so, select the specific fuel type from the drop down menu under the appropriate record and input the number of gallons of that specific fuel that were supplied in the reporting year and click the "Save Record" button. Repeat for additional specific fuel types, as applicable.

## Reporting Fuels not Regulated by the CFP Program

To report other types of fuels that were supplied within Oregon, but not regulated under the CFP program and reported in your quarterly reports, use the GHG Reporting section of the annual report page. This is found below the aggregated CFP data. Click the **"Add new record"** button to begin a new data entry.

# Making Corrections to Submitted Reports

Regulated parties are expected to make every effort to ensure that the data in submitted reports is complete and accurate; however, DEQ recognizes that there are times when corrections to a previously submitted report may be necessary to maintain accurate information in the reporting tool. Only an Administrator account can unlock a report. To make corrections to a submitted report:

**Step 1:** Open and complete the online Correction Request pop-up.

**Step 2:** Submit the completed request.

**Step 3:** The Correction Request Form is reviewed by the OFRS Administrator.

**Step 4:** Upon approval, the report is unlocked for corrective edits.

**Step 5:** The corrected report is resubmitted by the regulated party administrator.

**Step 6:** The OFRS system administrator makes a final review and either approves or does not approve the corrections.

Navigate to the **CFP Reports** or **Annual Reports** tab to see

- If you also report to the GHG Reporting Program and have already submitted that annual report, you will need to re-open the GHG RP annual report in order to pull any updated information in the CFP quarterly report that updates the GHG RP annual report data in to the GHG RP annual report and then re-submit that report.

# Using the Data Tab

The Data tab provides access to a number of downloadable reports for the data in the program, including your own reported data. In order to access them, go to the Data tab:

The reports are available via a dropdown. Simply select the report you want and any parameters the report may need, which generally is the data year that you want the report pulled for, and then hit the View Report button.

You can download the report in several different formats by clicking on the button indicated below:

# Buy & Sell Board

Users with the role Admin with Signatory Authority or Credit Facilitator may post credits to sell or post that they are seeking to buy credits using the **Buy & Sell Board**. They may also view this screen to determine which other organizations have credits to sell or those that are looking to purchase credits.

To access this screen, click the **Buy & Sell Board** tab.

To post credits, click the **Posting Credits for Sale** button.

Note: You will not be allowed to sell credits unless you have generated credits through reporting.

Number of Credits cannot exceed net credit balance.

The posting of CFP credit inquiries in CBTS is provided for the convenience of regulated party organizations as well as brokers to assist those regulated parties in search of additional CFP credits.

**Disclaimer:**

No part of the credit posting process is to be construed as any kind of certification of CFP credits by the ODEQ or by the CFP Program. The ODEQ does not certify any of the CFP credits posted for sale by regulated parties or by brokers provided on this list.

You will be taken back to the main Buy & Sell Board screen and will see your new credit inquiry there. You may click the pencil icon to edit the credit posting or click the X to delete it.

# Credit Transfers

Users with the Admin with Signatory Authority or Credit Facilitator role may perform credit transfers in the CFP online system.

**Important:** The CFP system will not allow credit transfers to occur after April 30<sup>th</sup> if the annual report for the previous compliance period has not been submitted. This is true where the regulated party is the seller. This does not apply to buyers. Once the annual report is submitted, credit transfers can be initiated by the Seller Organization.

Organizations that are not actually generating credits or deficits as part of their quarterly reporting will not be permitted by the system to participate in the transfer of credits as a buyer or a seller.

## Credit Transfer Example

The following is a step-by-step example of a transfer between the Seller to the Buyer which is "Non- Blind" (no anonymity for either party). To initiate a credit transfer, the Seller clicks the **Credit Transfers** tab, then clicks the **Initiate Transfer** button. This button opens the Credit Transfer eForm, which contains four sections.

Section 1 of the eForm is shown below. You can open instructions on how to use the form by clicking the plus sign next to *Using the Credit Transfer eForm*.

**Using the Credit Transfer eForm**

**Section 1. Transferor (Seller) Details**

**Seller Organization:** ABC Inc. **FEIN:** 12-1212121

**Representative:** Mary Ellen Smith

**Phone Number:** (503) 555-2222

**Email:** pysar.elizabeth@deq.state.or.us

**Notes:**

In Section 1, the system auto-populates the Seller Organization field, along with the contact information for their Representative. In this case, the Representative is the administrator for the organization. The FEIN is displayed to ensure correct identification of the seller organization.

This is a newly registered regulated party. Since this organization has not yet submitted quarterly reports, there are no credits in their account yet. Therefore, the seller's Available Credits, which is usually shown at the top right of Section 1, is not yet displayed. Once the organization generates credits, they can then transfer credits.

**Using the Credit Transfer eForm** **No Available Credits displayed**

**Section 1. Transferor (Seller) Details**

**Seller Organization:** ABC Inc. **FEIN:** 12-1212121

**Representative:** Mary Ellen Smith

**Phone Number:** (503) 555-2222

**Email:** pysar.elizabeth@deq.state.or.us

**Notes:**

At a later time, the Seller Organization (ABC Inc.) generates 100,058 credits, as a result of CFP quarterly reporting. Credits are now displayed and are available for transfer, as shown below.

**Using the Credit Transfer eForm**

---

**Section 1. Transferor (Seller) Details**

**Available Credits: 100,058**

**Seller Organization:** ABC Inc. **FEIN:** 12-1212121

**Representative:** Mary Ellen Smith

**Phone Number:** (503) 555-2222

**Email:** pysar.elizabeth@deq.state.or.us

**Notes:** This is a non-blind transfer between buyer (Klean Fuels) and Seller (ABC Inc.)

The Seller can select the Buyer Organization in Section 2 below.

**Section 2. Transferee (Buyer) Details**

**Buyer Organization:** Klean Fuels **FEIN:** 77-7777777

**Note: The appropriate Buyer Reps will be notified.**

**Phone Number:**

**Email:**

The Seller completes Section 3 of the eForm by entering the number of credits to transfer and the average price per credit.

**Section 3. Credit Transfer Details**

**Number To Transfer:** 100 ☒ These are for use as Carryback Credits

**Average Price Per Credit:** \$10.00

In Section 4, the seller will enter the "signature" of the Seller Representative, along with their Security Identification Code (SIC), which was provided via email to the Seller (Admin and Credit Facilitator roles) when their CFP account was originally approved. The last step is to click the **Submit** button.

This will submit the initiated transfer to the Buyer.

The CFP system generates notification emails which are sent to all Admin and Credit Facilitator users in the selected Buyer Organization account, whenever a credit transfer is initiated or completed. The Seller will also receive these emails. In addition, the Seller will see the new transfer under the Outgoing Transfers section, with the status of "Submitted to Buyer." Note that

the transfer can be recalled by clicking the **Recall** link.

When the Buyer goes into the CFP system and accepts the credits, both the Buyer and Seller will receive an email confirmation message. The Seller will see that the status has changed to "Credits Transferred."

If a user is buying credits, they will see that information in the "Incoming Transfers" section of the CreditTransfer page. Until they accept the credits, the status will show up as "Transfer Offer Received." The user will need to click on the **Pending** link to accept the credits.

After the Buyer clicks on the Pending link, the Credit Transfer eForm will open. The Buyer should review the information for accuracy.

In Section 3 (Credit Transfer Details), there is a checkbox to indicate that these credits are for use as **Carryback Credits**. If this is applicable, the buyer should click this box.

### Carryback Credits (CBCs)

A regulated party may acquire additional credits during the "extended period" of January 1st through April 30<sup>th</sup>. These credits can be designated by the buyer as **Carryback Credits (CBCs)** at the time the credit transfer is completed. The credits are then posted to the ledger in quarter four of the previous year. The credits can be used to meet a compliance obligation for the compliance period year immediately preceding the extended period.

All CBC transfers must be initiated in the OFRS by April 30<sup>th</sup> and completed within 10 calendar days to be available in the account as CBCs. To mark and use credits as Carryback Credits, the buyer will need to select the Carryback Credits checkbox in Section 3 of e-Form as shown below.

**These credits will be reported in Q4 of the previous compliance period for the Buyer Credit Balance Ledger and in Q1 of the current compliance period for the Seller.**

In Section 4, the Buyer enters their name and Security Identification Code in the appropriate data fields, then clicks the **Accept** button to confirm the transfer. A transfer may be declined by clicking the **Reject** button.

**Related Entities: 2023 Report**

Instructions Submission:

Fuel suppliers and credit generators that report under the Clean Fuels Program (CFP) and/or the Greenhouse Gas Reporting Program (GHG RP) must report any and all related entities that also operate in Oregon, including any parent companies, subsidiaries, or other entities that share ownership or control, pursuant to Oregon Administrative Rules chapter 340 divisions 215 and 253.

Report each related entity that is also required to report as a fuel supplier under either the CFP or GHG RP, or as a credit generator under the CFP. For each direct relationship, both of the related companies must submit this information. An updated form must be submitted in the event any of the reported relationships changes or a new related entity must be added.

**Related Entity Definitions**

**Parent Company:** A company that owns or has a controlling interest in the directly or indirectly related subsidiary.

**Subsidiary:** A company that is owned or controlled by a directly or indirectly related parent company.

**Company under common ownership or control:** Two or more companies that share full or partial ownership or control

Instructions Before Submission:

When adding a new relationship, you will choose between an "Internal" relationship – meaning the other company or organization is already registered in OFRS – or an "External" relationship – meaning the organization is not registered in OFRS. Select the appropriate type in the popup.

This report breaks related entities into two types:

'Internal' organizations that are already registered in OFRS and 'External' organizations that are not registered in OFRS. To add a relationship for an organization that is also registered in OFRS please click on the 'Internal' button, and to add a relationship for an organization that is not registered in OFRS please click on the 'External' button. If you need to find out if an entity is registered in OFRS please check this [List of Registered Parties](#).

If you are adding an "Internal" organization, pick that organization from a drop-down of all the

organizations listed. Most of the entity's information will be auto-filled from information in their Organization Profile in OFRS.

Select the type of relationship and add the date that relationship started in the Effective Since field. If the relationship is ending in the current year (for example, if the related organization is a subsidiary that is being sold to another company), you would also fill in the "effective until" date. Click the Save button when you complete with your data entry.

The screenshot shows a web-based form titled "Add Related Organization: Internal". The form is designed for adding internal related organizations. It includes the following fields and controls:

- Organization Name:** A dropdown menu with the placeholder text "Select Organization".
- FEIN:** A text input field with a hyphen character already entered.
- Reporting Category:** A text input field.
- Contact Name:** A text input field.
- Email:** A text input field.
- Type of Relationship:** A dropdown menu with the placeholder text "Select Relationship Type".
- Effective Since:** A date selection field with a calendar icon.
- Effective Until:** A date selection field with a calendar icon.
- Mailing Address:** A large text input area.
- Phone Number:** A text input field with a format of ( ) - -.

At the bottom of the form, there are two buttons: "Cancel" and "Save".

In the case of adding an "External" organization, you will need to fill out all of the information requested in the form and then click on the Save button.
