Oregon law provides exemption from cleanup liability for operators and property owners of Oregon dry cleaning facilities that meet certain requirements (see ORS 465.500 through 465.548). If you are an operator or property owner of an eligible dry cleaning facility, and dry cleaning solvents from your facility have or may have caused contamination that requires cleanup, you may complete this claim form to request that the DEQ Dry Cleaner Program perform further investigation and cleanup. Work is subject to the availability and prioritization of Dry Cleaner Program funding.
