

Oregon Clean Vehicle Rebate Program

Charge Ahead Vehicle Eligibility List

(as of 4/21/2023)

The vehicles on this list are vehicles that DEQ currently approves for the Charge Ahead Rebate. The list of approved vehicles is subject to change any time with or without notice if DEQ's understanding of the program requirements changes. Applicants should refer to the applicable statutes and regulations (Oregon Administrative Rule [340-270](#)) for all program and eligibility requirements.

Rebate availability depends on program funding at the time of vehicle purchase or lease. Due to overwhelming demand and limited funding, **rebates will be suspended as of May 1, 2023. Any vehicles purchased or leased on or after May 1, 2023 will not be eligible to apply for the rebate once the program reopens.** Once funding is available again, the program will announce its reopening. For more information, read the [news release](#).
