Instructions

- This form is to be used when there is a change of tank owner, permittee, or property owner. This form must be returned within 30 days of a change in tank owner, permittee or property owner so that a revised *General Permit Certificate to Operate* can be issued to ensure the facility can continue to legally receive product deliveries such as motor fuel.
- A \$75 permit modification fee must accompany this form.
- Before DEQ can issue a new *General Permit Certificate to Operate*, you must submit proof of compliance with the financial responsibility rules. Acceptable mechanisms for demonstrating compliance with pollution liability requirements are found in OAR Chapter 340 – Division 151 and described in the publication *Dollars and Sense*. To obtain a copy of *Dollars and Sense* call 503-229-6652 or download it from [EPA's publications page](#).
- The owner or permittee of each UST facility issued an operating certificate must employ Class A, Class B and Class C operators who can properly operate and maintain the UST system and respond to events indicating emergency conditions and alarms caused by spills or releases from the UST system. Include proof of this training with this form. For more details on implementing this requirement see rule OAR 340-150-0210 or go visit DEQ's [UST Training pages online](#).

Help with this permit modification form

Index of select standard industrial codes

NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM FOR UNDERGROUND STORAGE TANKS

The North American Industry Classification System was developed by the Federal Government to aid in gathering economic statistics and to help compare information from different government agencies. The Department of Environmental Quality uses NAICS codes to analyze underground storage tank locations and to identify the businesses that own tanks.

NAICS codes define industries according to their economic structure. They classify businesses by their main activities and other measures of economic activity. These NAICS codes are NOT the same as those used on tax forms

DEQ has developed this select list of NAICS codes from existing businesses that have underground storage tanks in Oregon. If your business is not listed, the complete list of 2012 NAICS codes can be found in the reference section of your local library or by going to the [Census Bureau's website](#).

Please use the *SIX* digit code that describes the main activity of your business. Find the correct sector, being careful when selecting manufacturing, wholesale or retail. (There are similar codes in each of these categories.) Then find the major group that describes your business. The *SIX* digit code should be listed within that major group. For assistance, please contact the UST Compliance Section, 503-229-6652.
