

Form A

Initial Notification

National Emission Standards for Hazardous Air Pollutants for Glass Manufacturing Area Sources

40 CFR part 63 subpart SSSSSS
(<http://www.epa.gov/ttn/atw/area/fr26de07.pdf>)

1. Business Name: _____
2. Owner/Operator Name: _____
3. Mailing Address: _____
4. E-mail Address: _____
5. Address (physical location) of Source: _____
6. Primary SIC and NAICS codes: _____
7. Compliance Date: Existing source: Dec. 28, 2009 New source: _____
(Date of startup)
8. Briefly describe the nature, size, design and method of operation, including emission controls:

9. Complete the following table for each continuous glass melting furnace that produces glass using compounds of any of the following metal hazardous air pollutants (HAP) as raw materials: arsenic, cadmium, chromium, lead, manganese, nickel:

Furnace Name/ID No.	Glass pull rate, tons/day	Metal HAP used in glass formulation

Certification

I certify that, based on information and belief formed after reasonable inquiry, the statements and information in this report and the supporting enclosures are true, accurate and complete.

Print the name of the “Responsible Official*” for the facility:

Name of Responsible Official	Title	Phone Number
------------------------------	-------	--------------

*A “Responsible Official” can be:

- The president, vice-president, secretary, or treasurer of the company who owns the facility
- The owner of the facility
- The plant engineer or supervisor
- A government official if the facility is owned by the Federal, State, City, or County government
- A ranking military officer if the facility is located on a military base

Signature of “Responsible Official”	Date
-------------------------------------	------

Mail the original to:

Region 10 Office of the EPA
Director, Office of Air, Waste and Toxics
1200 6th Ave., Suite 900, OAQ-107
Seattle, WA 98101

Mail or fax a copy to:

Department of Environmental Quality
Attn: Jerry Ebersole
811 SW Sixth Ave
Portland, OR 97204
Fax: 503-229-5675

Form B

Notification of Compliance Status*

National Emission Standards for Hazardous Air Pollutants (NESHAP) for Glass Manufacturing Area Sources

40 CFR part 63 subpart SSSSSS
(<http://www.epa.gov/ttn/atw/area/fr26de07.pdf>)

1. Business Name: _____
2. Owner/Operator Name: _____
3. Mailing Address: _____
4. E-mail Address: _____
5. Address (physical location) of Source: _____
6. Primary SIC and NAICS codes: _____

7. Use the space below and the following table to describe the methods you used to determine compliance with 40 CFR Part 63 Subpart SSSSSS. For example, how are equipment inspections and monitoring accomplished; tests planned and conducted; and records kept? Describe which emission standard you tested for; or plan to test for (PM or metal Hazardous Air Pollutants (HAP)). Provide test results.

Performance Test Results:

Furnace ID	Emission Control System	Is Furnace Equipped with a Continuous Monitoring System?	EPA Test Method	Test Date	Test Pull Rate tons glass per hour	Test Mass Emission Rate	Test Result*

9. Provide a brief description of the methods that you will use for determining continuous compliance:

Sign the form on the next page. Keep a copy of this form for your records.

Certification

I certify that, based on information and belief formed after reasonable inquiry, the statements and information in this report and the supporting enclosures are true, accurate and complete.

Print the name of the "Responsible Official*" for the facility:

Name of Responsible Official	Title	Phone Number
------------------------------	-------	--------------

*A "Responsible Official" can be:

- The president, vice-president, secretary, or treasurer of the company who owns the facility
- The owner of the facility
- The plant engineer or supervisor
- A government official if the facility is owned by the Federal, State, City, or County government
- A ranking military officer if the facility is located on a military base

Signature of "Responsible Official"	Date
-------------------------------------	------

Mail the original to:

Region 10 Office of the EPA
Director, Office of Air, Waste and Toxics
1200 6th Ave., Suite 900, OAQ-107
Seattle, WA 98101

Mail or fax a copy to:

Department of Environmental Quality
Attn: Jerry Ebersole
811 SW Sixth Ave
Portland, OR 97204
Fax: 503-229-5675

*Guidance

Notification requirements for the NESHAP are contained in 40 CFR 63.9(h). Additional requirements for this subpart are shown in 40 CFR 63.11456 (b)(1) and (2). Requirements for performance test results are summarized below and described in 40 CFR 63.11452.

Performance Testing Summary:

Each continuous furnace must comply with 1 of the 2 emission standards described below:

Particulate Matter Limit	Metal HAP Limit As, Cd, Cr, Pb, Mn, Ni
0.2 lb PM Emitted / Ton Glass Produced	0.02 lb HAP Emitted / Ton Glass Produced
EPA Emission Test Method 5 or 17	EPA Emission Test Method 29

Tests must be performed in accordance with the appropriate emission testing methodology and with specifications listed in 40 CFR 63.11452. Tests can have been performed as much as 5 years ago as long as no changes have been made to the equipment or process. Install any additional monitoring equipment needed to meet testing and monitoring requirements prior to completing performance testing.

Form C

Information Needed to Declare Exemption

National Emission Standards for Hazardous Air Pollutants for Glass Manufacturing Area Sources

40 CFR part 63 subpart SSSSSS
(<http://www.epa.gov/ttn/atw/area/fr26de07.pdf>)

1. Business Name: _____
2. Owner/Operator Name: _____
3. Mailing Address: _____
4. E-mail Address: _____
5. Address (physical location) of Source: _____
6. Primary SIC and NAICS codes: _____
7. Glass products manufactured:

8. Do you use a continuous furnace? Yes No

9. Amount of glass produced: _____ tons per year

10. Do you add any of the following compounds to your furnace charge*:

Arsenic	Yes	No	Cadmium	Yes	No	Chromium	Yes	No
Lead	Yes	No	Manganese	Yes	No	Nickel	Yes	No

*Note that these metals are typically found in glass formulation additives; contact your supplier if you're unsure.

11. Although I am not currently subject to the Glass Manufacture's NESHAP, I will keep records of furnace types, glass production, and metal HAP compounds used in furnace charges. Yes No

12. Certification

I certify that, based on information and belief formed after reasonable inquiry, the statements and information in this report and the supporting enclosures are true, accurate and complete.

Print the name of the "Responsible Official*" for the facility:

Name of Responsible Official	Title	Phone Number
------------------------------	-------	--------------

*A "Responsible Official" can be:

- The president, vice-president, secretary, or treasurer of the company who owns the facility
- The owner of the facility
- The plant engineer or supervisor
- A government official if the facility is owned by the Federal, State, City, or County government
- A ranking military officer if the facility is located on a military base

Signature of "Responsible Official"

Date
