Footnotes:

- a) You are an existing source if you commenced construction or reconstruction before November 6, 2006. If you are an existing source, your compliance date is December 29, 2008.
- b) You are a new source if you commenced construction or reconstruction on or after November 6, 2006. If you are a new source, your compliance date is December 28, 2007 or upon startup if startup occurs after December 28, 2007.
- c) Confirm whether EO emissions from the sterilization unit are vented to an add-on air pollution control device (APCD) that reduces EO emissions to the atmosphere.
- d) Identify the type of add-on APCD using to reduce EO emissions to the atmosphere (e.g., catalytic oxidizer; or acid-water scrubber; if other type of APCD, please identify the type).
