

Recognized Clean Diesel Service Providers

Facilities listed here demonstrated they have the required diagnostic equipment and trained technicians to complete engine repowers, exhaust control retrofits, or both. Clean Diesel Service Providers are recognized as either Retrofit providers, Repower providers, or both, as listed below.

This listing is not a recommendation from DEQ, and DEQ does not guarantee the work of the listed facilities. It is simply a guide to facilities that meet minimum experience and equipment requirements, as outlined in OAR 340-259-0065. You need to screen the facility to ensure they can install retrofit equipment you need or repower your engine, and provide service according to your needs.

If you are interested in becoming a Clean Diesel Service Provider, contact DEQ's Clean Diesel Initiative Program at 503-229-6549.
