

State of Oregon Department of Environmental Quality **Solid Waste Orphan Site Account Application Form**

DEQ's Solid Waste Orphan Site Account program provides funding and low-interest loans for investigation and cleanup of contamination at solid waste disposal sites owned or operated by a local government. The first \$100,000 requested for eligible site expenses does not require repayment and can be provided under a funding agreement with DEQ.

Please fill out a separate statement of interest form for each solid waste disposal site that may be eligible for funding. Applicants may provide answers on a separate piece of paper or by attaching documents. DEQ will use information from this form to prioritize solid waste orphan site account funding and loan requests made by local governments. After reviewing the information on this form, DEQ may request additional information.

Please contact your Regional DEQ contact for guidance on this form:

Heather Kuoppamaki, kuoppamaki.heather@deq.state.or.us, 503-229-5125

Northwest Region and Eastern Region

(Baker, Clackamas, Clatsop, Columbia, Crook, Deschutes, Gilliam, Grant, Harney, Hood River, Jefferson, Klamath, Lake, Malheur, Morrow, Multnomah, Sherman, Tillamook, Umatilla, Union, Wallowa, Wasco, Washington, and Wheeler Counties)

Mary Camarata, camarata.mary@deq.state.or.us, 541-687-7435

Western Region

(Benton, Coos, Curry, Douglas, Jackson, Josephine, Lane, Linn, Lincoln, Marion, Polk, Yamhill Counties)

1) Local government contact information:

2) Identification information for the disposal site:

3) List hazardous substances and other waste present at the disposal site:

SWOSA Statement of Interest Form

4) Provide information on the sort of investigation or cleanup needed at the site. Describe the anticipated work, associated costs, and the basis of the cost estimates. Specify any indirect costs (such as administration and overhead associated with the investigation or cleanup activities), and legal costs included in the cost estimates.

a) Investigation and evaluation of cleanup alternatives:

b) Cleanup:

5) Describe investigation or cleanup work already performed at the site:

6) Describe the site's risk to public health and the environment. Include reasons, if any, why there is a need for immediate removal or remedial action to protect public health or the environment:

SWOSA Statement of Interest Form

- 7) Why are you interested in solid waste orphan site funding?

- 8) What are current and proposed land uses for the disposal site?

- 9) Are you interested in using DEQ contractors for the proposed work? If your local government would like DEQ to perform the investigation and/or cleanup activities, the local government and DEQ can enter into an Intergovernmental Agreement (IGA). Local governments can also chose to perform the contracting themselves.

- 10) Describe other sources of funding:
 - a) From owners or operators of the site and other parties who may be responsible for site contamination. What efforts have been made to seek their contribution to site costs:

 - b) Insurance or accounts established for funding site closure?

 - c) Are there opportunities to partner with other entities on this site?
