

Clackamas Soil and Water Conservation District Residential Septic System Repair and Replacement Loan Program

The Clackamas Soil and Water Conservation District offers a Residential Septic System Repair and Replacement Loan Program to homeowners throughout its service area of Clackamas County to protect water quality and address public health concerns. No-interest loans from Clackamas SWCD are financed using funding provided by the Oregon Department of Environmental Quality.

For details on Clackamas SWCD's Loan Program, visit our [Residential Septic System Repair and Replacement Loan Program web page](#) or call 503-210-6000.

Small cost-share grants and rebates may be available to homeowners in the Clackamas River watershed from our partners at [Clackamas River Water Providers](#), 503-723-3510.

Small cost-share grants and rebates may be available to homeowners in the Molalla River watershed from our partners at [Canby Utility](#), 503-266-1156.

For technical assistance or questions about septic system permits, contact [Clackamas County Septic and Onsite Wastewater Systems](#), 503-742-4740.
