Important News: Your garbage and recycling service rates have increased.
Visit www.portlandoregon.gov/bps/garbagerates for details and translations.

Due to the increased cost of doing business for Portland's garbage and recycling companies, **the garbage and recycling bill for the average Portland household will increase by about \$2.55 per month starting May 1, 2018.**

The rate increase is needed to cover higher costs for recycling, labor, fuel and garbage disposal. In particular, new quality standards for recycled materials sold to international manufacturers require local recycling facilities to hire additional workers.

Portland City Council approved this garbage and recycling rate increase following the annual review of curbside collection costs. The City of Portland will re-evaluate the rates in Spring 2019.

We know that Portlanders feel the impact of any rate increase. With your help, we've been able to lower rates or keep rates steady for the past five years.

Questions?

Call your garbage and recycling company or contact the City of Portland Bureau of Planning and Sustainability at 503-823-7202.
