Definitions for “status” field:

Delayed = If the permit issuance date is moved to later than originally scheduled the permit is marked as “Delayed” until it is Issued.

Terminated = Permit was on the original plan and then the permit was not required. Not suspended or on hold, all work has stopped and there are no plans to revisit or revise. A new permitting effort would begin if the source initiated with an application.

ISSUED = ISSUED gets a blue box.

Added = Permit not on original issuance plan. Added to plan and scheduled.
