# INSTRUCTIONS FOR COMPLETING THE NOTICE OF TERMINATION FORM FOR THE NPDES GENERAL PERMIT TO DISCHARGE STORMWATER ASSOCIATED WITH CONSTRUCTION

This Notice of Termination Form is for a registrant that currently is assigned coverage under Oregon's NPDES general permit for the discharge of stormwater associated with construction activity. Use this form to end permit coverage once all soil disturbance activities have been completed by and for the registrant and stabilization of exposed soils has occurred. Please print in ink or type.

**I. Permit Registrant**

Complete as indicated. The permit registrant is the name of the company or person as it appears on the permit. Only the registrant or the registrant's legally authorized representative has authority to terminate permit coverage.

*Note: If you are not the current registrant but should be, you need to transfer the permit. Please use the Transfer of Ownership form at <http://www.deq.state.or.us/wq/stormwater/constappl.htm> or contact DEQ at one of the offices listed below.*

**II. Site Address/Location**

Complete as indicated. Also provide the city (or nearest city) and county for the construction site.

**III. Construction Activity**

Check the "boxes" to indicate that all stormwater discharges associated with construction activity have been eliminated, stabilization of the site is complete, and temporary erosion and sediment control measures have been properly disposed unless local codes require that they remain. Also, provide the date of completion for these activities. As an alternative to the preceding, if the site work was never started you can check the last box only. Your permit will not be terminated if these activities have not been completed or the construction activities started but the project was cancelled without completing the activities.

**Photo-Documentation**

Submit photo-documentation that depicts site stabilization, unless the site has been inspected by DEQ or Agent.
