<p><b>Readiness summary (to be completed by reviewer after checklist is completed):</b> Want to switch to WPCF permit after discharging under the NPDES permit for another season; Need to update RWUP based upon new irrigation pond/area; the facility will have to upgrade the outfall, and upgrade the treatment to meet TBEL requirements and phosphorus to meet a WLA; The lagoon will have to be moved off of the flood plain of the creek. They will fix this by constructing a storage pond and a wetland around the current lagoons.</p>
