

# 2022 Hazardous Waste Management Training Classes

## Sponsored by: The Oregon Department of Environmental Quality

State of Oregon  
Department of  
Environmental  
Quality

Classes are free except where noted. Registration is on a first-come, first-served basis since space is limited. Registration is required.

A waiting list is maintained for the classes listed. If you need to cancel, please notify the designated contact person for the class at your earliest opportunity to allow others to attend.

NOTE: This is not a Hazardous Waste Operations and Emergency Response refresher. DEQ does not offer such training, but your state or regional Occupational Safety and Health Administration office may be able to provide information on alternatives.

<p align="center"><b>Morning session: Hazardous Waste Basics</b></p>	<p align="center"><b>Afternoon session: Managing Common Waste</b></p>
<p>Resource Conservation and Recovery Act (RCRA) Hazardous Waste Rules</p> <p>Exclusions and Exemptions</p> <p>Hazardous Waste Counting and Generator Categories</p> <p>Hazardous Waste Determinations</p> <ul style="list-style-type: none"> <li>• Why they are important</li> <li>• How to perform them</li> <li>• State and federal differences</li> </ul> <p>On-site Management</p> <ul style="list-style-type: none"> <li>• Containers</li> <li>• Accumulation limits</li> </ul> <p>Permit Requirements</p> <p>Recordkeeping and Reporting</p> <ul style="list-style-type: none"> <li>• Manifests</li> <li>• Land disposal notifications and certifications</li> <li>• Annual reporting to DEQ</li> <li>• Toxic use reduction requirements</li> </ul> <p>Emergency Planning</p>	<p>DEQ Hazardous Waste Policies for:</p> <ul style="list-style-type: none"> <li>• Aerosol cans</li> <li>• Antifreeze</li> <li>• Demolition debris</li> <li>• Contaminated rags</li> <li>• Abandoned hazardous waste</li> </ul> <p>Universal Waste: Generation, Storage, Consolidation and Disposal requirements for:</p> <ul style="list-style-type: none"> <li>• Batteries</li> <li>• Pesticides</li> <li>• Fluorescent lamps</li> </ul> <p>Waste Oil Generations, Storage and Transportation</p> <p>Spills of Hazardous Materials</p> <p>When a permit is required</p> <p>Surviving a DEQ Hazardous Waste Inspection</p> <p>Tips for Compliance</p>

Additional Classes may be added as necessary. Bookmark this page in your browser and check back periodically for updates. When accessing this link, some web browsers may display a stored version of the previous schedule. Clearing the browser cache and reloading the page should allow you to view the current schedule.

Should you require any further information, please contact your regional [Solid Waste Permit Coordinator](#).
