Rescinding Suspension Order

RE: DOGAMI ID 34-0026; Hayden Quarry

The Hayden Quarry, DOGAMI ID 34-0026, has been subject to a Suspension Order since October 28, 2020, for failure to meet the requirements set forth in the Notice of Violation and Compliance Schedule issued July 16, 2020. On February 9, 2021, DOGAMI issued a Compliance Notice acknowledging the acceptance of the Reclamation Fill and Drainage Plan; however, the department noted the Suspension Order would not be lifted until the Stormwater Pollution Control Plan was approved.

On March 22, 2021, DOGAMI received an acceptable Stormwater Pollution Control Plan that demonstrates the facility has a design to prevent water quality violations. Therefore, the required compliance actions have been completed and the department hereby rescinds the Suspension Order Issued October 28, 2020. If you have any questions regarding this letter, contact Cari Buchner at (541) 967-2081.
