

ZERO Fleet: Eligible Vehicle List

Last Updated: 12/02/25

The Eligible Vehicle List includes medium- and heavy-duty zero-emission vehicles that currently qualify for rebates through Oregon DEQ's ZERO Fleet Program. . The list is subject to change any time with or without notice if DEQ's understanding of the program requirements changes.

If you believe a qualifying vehicle is missing from the list, please contact us at zerofleet@deq.oregon.gov. Be sure to include a full specification sheet that details the vehicle's drivetrain and gross vehicle weight rating (GVWR). DEQ will review your submission and add the vehicle to the list if it meets program criteria.
