**Re: Cascade Steel Rolling Mills, Inc.
CAO Emissions Inventory**

Dear Ms. Degagné:

The purpose of this letter is to respond to DEQ's February 7, 2022 letter indicating that Cascade Steel Rolling Mills has been called in to the Cleaner Air Oregon program. More specifically, with this submittal we are providing DEQ with the following:

- CAO Emissions Inventory Form AQ520
- Categorically Exempt Toxics Emissions Units AQ523
- Emission Inventory Supporting Information Document – This document provides a description of the emission factors, calculation methodologies and assumptions, and other supporting information used to prepare the emissions in the inventory.

Attachment B to the Supporting Information Document is password protected to maintain the document's integrity. I shall submit the password to you by email.

If you have questions about this submittal, please contact me at 503-434-3324 or via email at dlee@schn.com.

Sincerely yours,

A handwritten signature in blue ink that reads "Daniel Lee".

Daniel Lee
SSI Environmental Engineering Director
