Mr. Thomas Rhodes, Source Test Coordinator  
Oregon Department of Environmental Quality  
700 NE Multnomah Street, Suite 600  
Portland, OR 97232

**Subject: Chemical Waste Management of the Northwest, Inc., (CWMNW) Source Test Report Time Extension**

Dear Mr. Rhodes:

Blue Sky Environmental (Blue Sky) completed the field portion of the Source Test for the CWMNW facility on August 20, 2020, which would make the Source Test Report due October 19, 2020. Blue Sky recently reported to us that there are some delays in the laboratory analysis and reporting of laboratory data. As such, the completion and submittal of the Source Test Report will be delayed.

Because of this, CWMNW would like to request an extension for the submittal of the test results with a due date of November 27, 2020. Per your recent email, it is our understanding that the Oregon Department of Environmental Quality (ODEQ) will consider extensions if they are submitted within 15 days of the Source Test Report due date. We believe this letter meets that notification requirement.

Thank you for your time and willingness to consider our request. Please contact Jim Denson at 602-757-3352 or at [jdenson@wm.com](mailto:jdenson@wm.com) if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to be 'JD', written over a horizontal line.

Jim Denson
