Ms. Garcia,

The Oregon Department of Environmental Quality (DEQ) has reviewed Hydro Extrusion Portland, Inc's (Hydro) proposed EI revisions in response to DEQ comments provided on May 21, 2021. DEQ met with Hydro on June 17, 2021 to discuss the proposed revisions to the Emissions Inventory. Based on our review, DEQ's responses are listed below.

Responses

1. DEQ approves Hydro's responses to DEQ's May 21, 2021 Comments 1-4.
2. DEQ approves the 30-day extension request to complete the EPA Method 204 source testing to allow the facility to complete improvements and allow for scheduling with a source test company.
3. Method 204 results are required before final approval of EI.

Submittal Deadlines

Please communicate any questions or clarifications regarding the above comments proactively in order to provide timely submittals. Your submittal due dates are summarized below:

1. Submit the revised emissions inventory with comments 1-4 addressed by July 6, 2021.
2. Conduct Method 204 source testing to verify 100% capture efficiency by August 20, 2021. The source test plan is due to DEQ 30 days before the test.
3. The source test results are due to DEQ 30 days after completing the test.

DEQ remains available during this timeframe to discuss the submittal with you and answer any questions you may have. Failure to provide additional information or corrections required by DEQ by this date may result in a violation of OAR 340-245-0030(1) and OAR 340-245-0040(1).

Please contact me directly at 503.229.5534, rhodes.thomas@deq.state.or.us with any questions. We look forward to your continued assistance with this process.

Sincerely,

Thomas Rhodes
