Hydro Extrusion Portland, Inc.
Jennifer Garcia
5325 NE Skyport Way
Portland, OR 97218

Jeni Garcia,

DEQ has completed our review of the revised Emission Inventories submitted by the Hydro Extrusion Portland on February 10, 2022, as part of the Cleaner Air Oregon (CAO) program, and approves the document as submitted.

The next step in the CAO process is to submit a Modeling Protocol to DEQ 30 days from the issuance of this approval letter, by **June 20, 2022**. [OAR 340-245-0030(1)(b)] Modeling Protocol requirements are listed in OAR 340-245-0210(1). If you plan to complete a Level 3 or 4 Risk Assessment, your Risk Assessment Work Plan (RAWP) must be submitted to DEQ 60 days from the issuance of this approval letter, by **July 19, 2022**. [OAR 340-245-0030(1)(c)] RAWP requirements are listed in OAR 340-245-0210(2).

Information about CAO permitting, including a flow chart showing the risk assessment process can be found on the CAO [Step-by-Step Guide for Facilities](#) webpage. We look forward to your continued assistance with this process.

Sincerely,

Thomas Rhodes

Thomas Rhodes
DEQ CAO Source Test Coordinator
