Oil Re-Refining Company
c/o Marie E. Piper
Cascade Environmental Management
316 SE Pioneer Way, Suite 294
Oak Harbor, Washington 98277

Ms. Piper,

DEQ has completed our review of the revised Modeling Protocol dated November 22, 2021, that was submitted by Cascade Environmental Management on behalf of the Oil Re-Refining Company facility in Klamath Falls, Oregon. In accordance with OAR 340-245-0030, this letter provides written notice to you that DEQ has reviewed and approves this Modeling Protocol.

The next step in the CAO process is to submit a Level 1 Risk Assessment to DEQ by no later than February 7, 2021. Please refer to our [Step-by-Step Guide for Facilities](#) webpage for Risk Assessment resources.

Please contact me directly (503.866.8741, billings.kenzie@deq.state.or.us) with any questions. We look forward to your continued assistance with this process.

Sincerely,

Kenzie Billings, P.E.
DEQ CAO Project Manager
