Subject: Request for an extension
Cleaner Air Oregon response
Owens-Brockway Glass Container Inc.
Portland, Oregon

Ms. Billings,

In a letter from you dated February 6, 2020 Oregon DEQ requested revisions of the Air Toxics Emission Inventory, Modeling Protocol and Level 3 Risk Assessment Work Plan that Owens-Brockway Glass Container Inc. ("Owens") had submitted on August 1, 2019 for our Portland facility. The requested modifications to the three documents are significant and additional time is needed to complete the revisions.

The deadline for our response was initially set to March 23, 2020. With this letter Owens is requesting that this deadline be extended to May 8, 2020.

Let me know if this is acceptable and if you have any questions.

Sincerely,

Dennis J. Buenger
