

April 23, 2024

Oregon Department of Environmental Quality
Attn: Bill Peters, Oregon Clean Fuels Interim Program Manager
700 NE Multnomah St., Ste. 600
Portland, OR, 97232

Mr. Peters:

Coos- Curry Electric Cooperative (CCEC) is a member-owned, not-for-profit electric cooperative serving 14,028 members with 18,455 meters and 1,626 miles of line. We are located on the southern Oregon coast in Coos, Curry, and (a small part of) Douglas counties.

We have used Clean Fuels Program (CFP) funds in the following ways:

- Member education and outreach: We offer comprehensive resources on our website including up-to-date information on available EV models, credits, rebates, cost savings, and public charging information.
 - [Electric Vehicles | Coos-Curry Electric Cooperative \(ccec.coop\)](http://Electric Vehicles | Coos-Curry Electric Cooperative (ccec.coop))
- Off-Peak Home EV Charging Program: Our program offers a \$15 monthly bill credit incentive for members charging between 10:00 p.m. and 6:00 a.m. In 2023, we had 66 members participating.
 - [EV Charging Program | Coos-Curry Electric Cooperative \(ccec.coop\)](http://EV Charging Program | Coos-Curry Electric Cooperative (ccec.coop))
- Community Outreach: We have two electric vehicles, used to promote, and demonstrate the benefits of electric vehicles to members.

For additional information, please contact me via email at keith.buchhalter@cooscurryelectric.com or by phone at 541-332-6188.

Sincerely,

Keith Buchhalter
Marketing & Member Services Manager
