

Below is Springfield Utility Board's 2022 reporting information:

Total revenue from the sale of base and incremental credits attributable to residential vehicle charging.
\$138,632 for 2022

For entities whose revenue or expenditures exceed \$250,000 in a given year, the percentages that result when dividing the utility's CFP-related administrative costs, including but not limited to submitting reports, selling credits, and to administer any programs that were funded by CFP revenue from the utility's sale of incremental credits, including but not limited to project management and development and management of contracts to operate such programs by the amount of revenue reported under subsection. ***Not Applicable***

A description of the programs that were funded by CFP revenue the utility received from its sale of base credits and the amount spent in each category.

In January 2022, Springfield Utility Board implemented a \$500 Residential Level 2 EV Charger Rebate Program. To date, 83 rebates totaling \$41,500 have been issued.
