Oregon Department of Environmental Quality
Attn: Cory-Ann Wind, Oregon Clean Fuels Program Manager
700 NE Multnomah St., Ste. 600
Portland, OR, 97232

Dear Cory:

Coos- Curry Electric Cooperative (CCEC) is a member-owned, not-for-profit electric cooperative serving nearly 14,000 members with 18,300 meters and 1,626 miles of line. We are located on the southern Oregon coast in Coos, Curry, and (a small part of) Douglas counties.

We have used Clean Fuels Program (CFP) funds in the following ways:

- Member education and outreach material on CCEC's website (partnering with PNGC and ChooseEV): a resource containing up to date inform on available EV models, credits and rebates, EV cost savings and public charging information.
- [Electric Vehicles | Coos-Curry Electric Cooperative \(ccec.coop\)](http://www.ccec.coop)
- CCEC's Off-Peak Home EV Charging Program offers a \$15 per month bill credit incentive to charge between 10:00 p.m. and 6:00 a.m. In 2021, we had 32 members participating.
- [EV Charging Program | Coos-Curry Electric Cooperative \(ccec.coop\)](http://www.ccec.coop)
- CCEC purchased a 2022 Kia Niro to replace the Member Services' pool car, and will use our current charger, an Aerovirment 240-volt/32-amp unit installed in the yard of our Brookings office.
- The CCEC EV is also used to promote and demonstrate the benefits of electric vehicles to members.

Please contact Sonya Billington, Member Services Supervisor, for additional information at 541-332-6194 or sonya.billington@cooscurryelectric.com .

Sincerely,

Paul Keeler
Chief Financial Officer
