2025 Oregon Clean Fuels Program Annual Report

In 2025, Springfield Utility Board (SUB) sold 6,228 Oregon Clean Fuels credits in resulting in revenue of \$496,080.

With the monetization of its credits, SUB has been able to continue its Residential Level 2 Charger Rebate. SUB granted forty-six \$500 rebates in 2025 for a total of \$23,000.

Funds also pay for the operation and maintenance of SUB's 2020 Nissan Leaf Plus, as well as a SEMA Connect dual-head charger for utility use.

Remaining and future funds are planned to be used to purchase hybrid vehicles as they age out.

Springfield Utility Board did not receive any revenue from the sale of credits in 2024.
