

## Oregon Clean Fuels Program

## Annual Utility Report - 2024

Report submitted: April 8, 2025

McMinnville Water & Light did not sell any Clean Fuel Credits or realize any revenue from Clean Fuels Program in calendar year 2024.

MW&L used a portion of revenue from previous years' sales to complete an Integrated Resource Plan and to fund employee training on electric vehicle charging.

*Annual utility report requirement* –The language in [OAR 340-253-0640](#) is summarized here:

*All electric utilities that receive base or incremental credits must annually report the following items to DEQ no later than April 30th. Each utility must report the following information for the prior calendar year:*

- (a) *Total revenue from the sale of base and incremental credits attributable to residential vehicle charging, if applicable;*

N/A

- (b) *For entities whose revenue or expenditures exceed \$250,000 in a given year, the percentages that result when dividing the utility's CFP-related administrative costs, including but not limited to submitting reports, selling credits, and to administer any programs that were funded by CFP revenue from the utility's sale of incremental credits, including but not limited to project management and development and management of contracts to operate such programs by the amount of revenue reported under subsection (a);*

N/A

- (c) *A description of the programs that were funded by CFP revenue the utility received from its sale of base credits and the amount spent in each category; and*

**MW&L used \$73,527 of CFP revenue in 2024 to complete an Integrated Resource Plan.  
MW&L used \$2,100 of CFP revenue in 2024 to fund employee training on EV charging.**

*(d) A description of the programs that were funded by CFP revenue from incremental credits, the amount spent in each category, a description of the class of individuals or listing of organizations that benefited from the programs...*

**N/A**
