Reduce, Reuse, Reimagine Grants

April 2024

Oregon's Department of Environmental Quality (DEQ) Materials Management program offers the Reduce, Reuse, Reimagine Grants.

The purpose of the Reduce, Reuse, Reimagine Grants Program is to support statewide efforts to reduce the environmental and human health impacts of materials at all stages of their life cycle.

The goal of the Reduce, Reuse, Reimagine Grants Program is to build local capacity and support community solutions that address the environmental, social and health impacts created by production, consumption, use and disposal of materials.

The objectives of the Reduce, Reuse Reimagine Grants Program will:

- **Inspire** promising solutions to reduce the impacts of materials by funding innovative projects and programs.
- **Empower** community action to reach environmental solutions
- **Create** environmental and health benefits that result from more sustainable consumption and use of materials.
- **Advance** equity and environmental justice by providing resources to historically underserved and underrepresented communities across Oregon.
