Re: Notice of Civil Penalty Assessment and Order  
Case No. AQ/ACDP-WR-2021-123

*DEQ is committed to balancing its vital obligation to enforce the law and protect the environment with a consideration of the dramatic disruptions to public health and the economy caused by the COVID-19 outbreak. We understand the outbreak may impact your ability to timely appeal, pay the assessed civil penalty, or comply with this order. You may submit to DEQ documentation identifying whether COVID-19-related disruption affects your ability to comply with this order. Visit our webpage <https://www.oregon.gov/deq/Pages/covid-19.aspx> for more information about documenting specific COVID-19 disruptions your facility may be encountering and how that affects your ability to comply. DEQ will exercise reasonable discretion regarding settlement of this order.*

This letter is to inform you that DEQ has issued you a civil penalty of \$1,100 for failing to timely submit your 2020 annual report to DEQ for your semiconductor and wafer fabrication facility at 1070 NE Circle Boulevard, MS 415A, Corvallis, Oregon, as required by your Air Contaminant Discharge Permit.

DEQ issued this penalty because annual reports are an important mechanism for DEQ to determine whether sources of air contaminants are operating within the conditions and limits of the permit, and to ensure emissions are within levels that do not pose harm to the public's health or the environment.

DEQ appreciates your effort to correct the violation by submitting your report on March 30, 2021. DEQ considered this effort when determining the amount of civil penalty.

If you wish to appeal this matter, DEQ must receive a request for a hearing within 20 calendar days from your receipt of this letter. The hearing request must be in writing. Send your request to DEQ Office of Compliance and Enforcement:

Via mail – 700 NE Multnomah Street, Suite 600, Portland, Oregon 97232

Via fax – 503-229-5100

Once DEQ receives your request, we will arrange to meet with you to discuss this matter. If DEQ does not receive a timely written hearing request, the penalty will become due. Alternatively, you can pay the penalty by sending a check or money order to the above address.

The attached Notice further details DEQ's reasons for issuing the penalty and provides further instructions for appealing the penalty. Please review and refer to it when discussing this case with DEQ.

DEQ may allow you to resolve part of your penalty through the completion of a Supplemental Environmental Project (SEP). SEPs are environmental improvement projects that you sponsor instead of paying a portion of the penalty. Further information is available by calling the number below or at <http://www.oregon.gov/deq/Regulations/Pages/SEP.aspx>.

DEQ's rules are available at <http://www.oregon.gov/deq/Regulations/Pages/Statutes.aspx> or by calling the number below.

## EXHIBIT 1

### FINDINGS AND DETERMINATION OF RESPONDENT'S CIVIL PENALTY PURSUANT TO OREGON ADMINISTRATIVE RULE (OAR) 340-012-0045

- VIOLATION: Failing to timely submit the 2020 annual report to DEQ in violation of Condition 8.2 of Respondent's Air Contaminant Discharge Permit and OAR 340-214-0114(1) and (2).
- CLASSIFICATION: This is a Class II violation pursuant to OAR 340-012-0054(2)(f).
- MAGNITUDE: The magnitude of the violation is minor pursuant to OAR 340-012-0130(4) as there is no selected magnitude specified in OAR 340-012-0135 applicable to this violation and DEQ finds that the violation had no more than a de minimis adverse impact on human health or the environment, and posed no more than a de minimis threat to human health or the environment. In making this finding, DEQ considered the following reasonably available information: once Respondent submitted the 2020 annual report, DEQ was able to determine Respondent had operated in compliance with its permit emission limits during the 2020 operating year.
- CIVIL PENALTY FORMULA: The formula for determining the amount of penalty of each violation is:  $BP + [(0.1 \times BP) \times (P + H + O + M + C)] + EB$
- "BP" is the base penalty, which is \$1,000 for a Class II, minor magnitude violation in the matrix listed in OAR 340-012-0140(3)(b)(B)(iii) and applicable pursuant to OAR 340-012-0140(3)(a)(A) because Respondent operates the Facility under a Standard Air Contaminant Discharge Permit.
- "P" is whether Respondent has any prior significant actions, as defined in OAR 340-012-0030(19), in the same media as the violation at issue that occurred at a facility owned or operated by Respondent, and receives a value of 0 according to OAR 340-012-0145(2)(a)(A), because there are no prior significant actions.
- "H" is Respondent's history of correcting prior significant actions and receives a value of 0 according to OAR 340-012-0145(3)(c), because there is no prior history.
- "O" is whether the violation was repeated or ongoing and receives a value 0 according to OAR 340-012-0145(4)(a), because there was one occurrence of the violation. Respondent was late submitting one (2020) annual report.
- "M" is the mental state of the Respondent and receives a value of 4 pursuant to OAR 340-012-0145(5)(c) because Respondent's conduct was negligent. Respondent's Permit expressly requires Respondent to submit an annual report by February 15th of each year. On April 22, 2020, DEQ issued Respondent a Warning Letter for failing to submit its 2019 annual report

to DEQ by the February 15, 2020, due date. By failing to take adequate measures to ensure the 2020 report would be submitted timely by February 15, 2021, Respondent failed to take reasonable care to avoid a foreseeable risk that Respondent would again violate the Permit and Oregon law.

"C" is Respondent's efforts to correct or mitigate the violation and receives a value of -3 according to OAR 340-012-0145(6)(c) because Respondent made reasonable efforts to correct the violation by submitting the report on March 30, 2021.

"EB" is the approximate dollar value of the benefit gained and the costs avoided or delayed as a result of Respondent's noncompliance. It is designed to "level the playing field" by taking away any economic advantage the entity gained and to deter potential violators from deciding it is cheaper to violate and pay the penalty than to pay the costs of compliance. In this case, "EB" receives a value of \$0 as any economic benefit derived is likely to be de minimis.

PENALTY CALCULATION:  $\text{Penalty} = \text{BP} + [(0.1 \times \text{BP}) \times (\text{P} + \text{H} + \text{O} + \text{M} + \text{C})] + \text{EB}$   
= \$1,000 + [(0.1 x \$1,000) x (0 + 0 + 0 + 4 + -3)] + \$0  
= \$1,000 + (100 x 1) + \$0  
= \$1,000 + \$100 + \$0  
= \$1,100
