Re: Notice of Civil Penalty Assessment and Order
Case No. AQ/AB-NWR-2024-593

This letter is to inform you that the Oregon Department of Environmental Quality (DEQ) has issued Morales Contraction a civil penalty of \$24,608 for performing an asbestos abatement project without being licensed by DEQ, openly accumulating asbestos-containing waste material, and failing to obtain an asbestos survey by an accredited inspector prior to an asbestos abatement project.

DEQ issued this penalty because the violations described in the attached Notice could have released asbestos fibers into the air and exposed workers and the public to asbestos. Asbestos fibers are a respiratory hazard proven to cause lung cancer, mesothelioma, and asbestosis. Asbestos is a danger to public health and a hazardous air contaminant for which there is no known safe level of exposure. To protect the public from asbestos exposure, DEQ requires training and licensing for those who handle asbestos-containing material and prohibits open accumulation of asbestos-containing waste material, as open accumulation of asbestos-containing waste material presents a significant risk to public health and the environment.

If you wish to appeal this matter, DEQ must receive a request for a hearing within 20 calendar days from your receipt of this letter. The hearing request must be in writing. Send your request to DEQ Office of Compliance and Enforcement:

Via mail – 700 NE Multnomah Street, Suite 600, Portland, Oregon 97232

Via email – DEQappeals@deq.state.or.us

Via fax – 503-229-5100

Once DEQ receives your request, we will arrange to meet with you to discuss this matter. If DEQ does not receive a timely written hearing request, the penalty will become due. Alternatively, you can pay the penalty by sending a check or money order to the above address.

The attached Notice further details DEQ's reasons for issuing the penalty and provides further instructions for appealing the penalty. Please review and refer to it when discussing this case with DEQ.

DEQ may allow you to resolve part of your penalty through the completion of a Supplemental Environmental Project (SEP). SEPs are environmental improvement projects that you sponsor instead of paying a penalty. Further information is available by calling the number below or at <http://www.oregon.gov/deq/Regulations/Pages/SEP.aspx>.

| REMODELING LLC |) | |
| |) | CASE NO. AQ/AB-NWR-2024-593 |
| Respondent. |) | |

I. AUTHORITY

The Department of Environmental Quality (DEQ) issues this Notice of Civil Penalty Assessment and Order (Notice) pursuant to Oregon Revised Statutes (ORS) 468.100, ORS 468.126 through 468.140, ORS Chapter 183 and 468A, Oregon Administrative Rules (OAR) Chapter 340, Divisions 011, 012, and 248.

II. FINDINGS OF FACT

1. Respondent owns a residential and commercial contracting business in Portland, Oregon.
2. Loc Bui, working as a representative of the property owner, Merge LLC, hired Respondent on or before July 31, 2024, to conduct a renovation of the property at 533 SE 111th Ave in Portland, Oregon (“the Property”).
3. Respondent is not an asbestos abatement contractor licensed by DEQ.
4. On or before August 1, 2024, Respondents’ employees started renovation work at the Property.
5. Neither Respondent nor the Property Owner submitted a written notification to DEQ prior to beginning the renovation of the Property.
6. Neither the Respondent nor the property owner had an accredited inspector complete an asbestos survey prior to beginning the renovation of the Property on or before August 1, 2024.
7. On or before August 1, 2025, Respondent’s employees tore down the roof and sections of the vinyl siding and shingles at the property, including 130 linear feet or more of drywall with tan texture. The renovation was conducted in a manner that included breaking it into small, fragmented pieces, rendering the material friable.

1 8. Respondent's handling of materials as described in Section II, Paragraph 7 above, had the
2 potential to release asbestos fibers into the air.

3 9. The debris from the roof and siding Respondent tore down was left unwetted and unbagged
4 in the dropbox on site for the duration of the renovation.

5 10. On August 1, 2024, Respondent hired Columbia Recycling PDX to come to the Property
6 and pick up the dropbox for disposal. The dropbox was taken to the City of Roses Disposal &
7 Recycling, Inc's facility in Portland, where it was emptied.

8 11. On August 2, 2024, Advantage Environmental conducted an asbestos survey of the debris
9 pile at the City of Roses' facility. The survey of the debris pile showed the tan texture from the
10 removed plaster or drywall contained 3% Chrysotile.

11 12. On or around August 2, 2024, City of Roses hired Rose City Contracting to complete
12 asbestos abatement of the debris pile. Columbia Recycling PDX hauled 3,000 square feet of debris
13 from the City of Roses' facility to Hillsboro Landfill.

14 III. CONCLUSIONS

15 1. Respondent violated OAR 340-2480-0110(3) by performing an asbestos abatement project
16 without being licensed by DEQ under OAR 340-248-0120, as described in Section II, Paragraphs 3-4 and
17 7-8. Specifically, Respondent removed 130 square feet of textured drywall in a manner that released
18 asbestos fibers into the air. The drywall texture was "asbestos-containing material" as defined by OAR
19 340-248-0010(8) because it contained more than 1% asbestos by weight. Respondent's work on the
20 Property was an "asbestos abatement project," as defined in OAR 340-248-0010(6) because it was a
21 renovation activity that involved the removal and handling of asbestos-containing materials with the
22 potential to release asbestos fibers into the air. This is a Class I violation according to OAR 340-012-
23 0054(1)(v). DEQ has assessed a \$5,600 civil penalty for this violation.

24 2. Respondent violated OAR 340-248-0205(1) by openly accumulating asbestos-containing waste
25 material (ACWM). Specifically, Respondent left ACWM uncovered, unwetted and unbagged in the
26 dropbox during the renovation. The drywall texture was "asbestos-containing material" as defined by OAR
27 340-248-0010(8) because it contained more than 1% asbestos by weight. Respondent's work on the

1 Property was an “asbestos abatement project,” as defined in OAR 340-248-0010(6) because it was a
2 renovation activity that involved the removal and handling of asbestos-containing materials with the
3 potential to release asbestos fibers into the air. The ACWM in the dropbox debris pile was not packaged or
4 labeled, thus constituting “open accumulation” as defined in OAR 340-248-0010(34). This is a Class I
5 violation according to OAR 340-012-0054(1)(s). DEQ has assessed a \$11,966 civil penalty for this
6 violation.

7 3. Respondent violated OAR 340-248-0270(1) by failing to have an accredited inspector
8 complete an asbestos survey according to OAR 340-248-0270(3) before performing a renovation, as
9 described in Section II, Paragraphs 4 and 6 above. Respondent’s work is a “renovation” as defined in OAR
10 340-248-0010(39) because Respondent altered one or more facility components by tearing up the roof and
11 siding. This is a Class I violation according to OAR 340-012-0054(1)(r). DEQ has assessed a \$7,042 civil
12 penalty for this violation.

13 IV. ORDER TO PAY CIVIL PENALTY

14 Based upon the foregoing FINDINGS OF FACTS AND CONCLUSIONS, Respondent is
15 hereby ORDERED TO:

16 Pay a total civil penalty of \$24,608. The determinations of the civil penalties are attached as
17 Exhibits 1—3 and are incorporated as part of this Notice.

18 If you do not file a request for hearing as set forth in Section V below, please pay the penalty as
19 follows:

20 Pay online with e-check (ACH) or credit card. Go to Your DEQ Online here:
21 <https://ydo.oregon.gov>. Select Register Account or Login, then select Pay Invoices/Fees on your account
22 dashboard. Enter the reference number and Account ID included on the attached payment slip. Note: US
23 Bank charges a 2.3% convenience charge for credit card transactions. ACH payments have no additional
24 charges, or

25 Pay by check or money order: Make check payable to “Department of Environmental Quality”
26 and mail to the address on the enclosed payment slip. Please make sure to include the payment slip with
27 your check or money order and note the case number on your check.

1 V. NOTICE OF RIGHT TO REQUEST A CONTESTED CASE HEARING

2 You have a right to a contested case hearing on this Notice if you request one in writing. DEQ
3 must receive your request for hearing **within 20 calendar days** from the date you receive this Notice. If
4 you have any affirmative defenses or wish to dispute any allegations of fact in this Notice or attached
5 exhibits, you must do so in your request for hearing, as factual matters not denied will be considered
6 admitted, and failure to raise a defense will be a waiver of the defense. (See OAR 340-011-0530 for
7 further information about requests for hearing.) You must send your request to: **DEQ, Office of**
8 **Compliance and Enforcement, 700 NE Multnomah Street, Suite 600, Portland, Oregon 97232**, fax
9 it to **503-229-6762** or email it to **DEQappeals@deq.oregon.gov**. An administrative law judge
10 employed by the Office of Administrative Hearings will conduct the hearing, according to ORS
11 Chapter 183, OAR Chapter 340, Division 011 and OAR 137-003-0501 to 0700. You have a right to be
12 represented by an attorney at the hearing, however you are not required to be. If you are an individual,
13 you may represent yourself. If you are a corporation, partnership, limited liability company,
14 unincorporated association, trust or government body, you must be represented by an attorney or a duly
15 authorized representative, as set forth in OAR 137-003-0555.

16 Active-duty Service members have a right to stay proceedings under the federal Service
17 Members Civil Relief Act. For more information contact the Oregon State Bar at 1-800-452-8260, the
18 Oregon Military Department at 503-584-3571, or the nearest United States Armed Forces Legal
19 Assistance Office through <http://legalassistance.law.af.mil>. The Oregon Military Department does not
20 have a toll-free telephone number.

21 If you fail to file a timely request for hearing, the Notice will become a final order by default
22 without further action by DEQ, as per OAR 340-011-0535(1). If you do request a hearing but later
23 withdraw your request, fail to attend the hearing or notify DEQ that you will not be attending the
24 hearing, DEQ will issue a final order by default pursuant to OAR 340-011-0535(3). DEQ designates
25 the relevant portions of its files, including information submitted by you, as the record for purposes of
26 proving a prima facie case.

EXHIBIT 1

FINDINGS AND DETERMINATION OF RESPONDENT'S CIVIL PENALTY
PURSUANT TO OREGON ADMINISTRATIVE RULE (OAR) 340-012-0045

VIOLATION NO. 1 Performing an asbestos abatement project without being licensed by DEQ in violation of OAR 340-248-0110(4).

CLASSIFICATION: This is a Class I violation pursuant to OAR 340-012-0054(1)(t).

MAGNITUDE: The magnitude of the violation is moderate pursuant to OAR 340-012-0135(1)(i)(B) because between 40 to 260 linear feet of asbestos-containing material was removed. The contractor hired by Respondent removed and handled approximately 130 linear feet of asbestos-containing material (ACM).

CIVIL PENALTY FORMULA: The formula for determining the amount of penalty of each violation is: $BP + [(0.1 \times BP) \times (P + H + O + M + C)] + EB$

"BP" is the base penalty, which is \$4,000 for a Class I, moderate magnitude violation in the matrix listed in OAR 340-012-0140(3)(b)(A)(ii) and applicable pursuant to OAR 340-012-0140(3)(a)(B) because Respondent is not a residential owner-occupant.

"P" is whether Respondent has any prior significant actions, as defined in OAR 340-012-0030(19), in the same media as the violation at issue that occurred at a facility owned or operated by the same Respondent, and receives a value of 0 because Respondent has no prior significant actions.

"H" is Respondent's history of correcting prior significant actions, and receives a value of 0 according to OAR 340-012-0145(3)(c) because there were no prior significant actions.

"O" is whether the violation was repeated or ongoing, and receives a value of 0 according to OAR 340-012-0145(4)(a) because there was a single occurrences of the violation. Each day of violation constitutes a separate occurrence. The Respondent allowed an asbestos abatement project to be conducted by an unlicensed person on at least one day, August 1, 2024.

"M" is the mental state of the Respondent, receives a value of 4 according to OAR 340-012-0145(5)(c) because Respondent was negligent. According to OAR 340-012-0030(15), "negligent" means the respondent failed to take reasonable care to avoid a foreseeable risk of conduct constituting or resulting in a violation. Respondent worked on a major renovation despite not being licensed by the CCB, and failed to take any steps to ascertain that an older building did not contain ACM before conducting a renovation. Thus, Respondent failed to take reasonable care to avoid the foreseeable risk that a violation would occur.

"C" is Respondent's efforts to correct or mitigate the violation, and receives a value of 0 according to OAR 340-012-0145(6)(f) because the violation or the effects of the violation could not be corrected or minimized.

"EB" is the approximate dollar value of the benefit gained and the costs avoided or delayed as a result of the Respondent's noncompliance. It is designed to "level the playing field" by taking away any economic advantage the entity gained and to deter potential violators from deciding it is cheaper to violate and pay the penalty than to pay the costs of compliance. In this case, "EB" receives a value of \$0 because DEQ does not have sufficient information to calculate the economic benefit.

PENALTY CALCULATION: $\text{Penalty} = \text{BP} + [(0.1 \times \text{BP}) \times (\text{P} + \text{H} + \text{O} + \text{M} + \text{C})] + \text{EB}$

$$\begin{aligned} &= \$4,000 + [(0.1 \times \$4,000) \times (0 + 0 + 0 + 4 + 0)] + \$0 \\ &= \$4,000 + (\$400 \times 4) + \$0 \\ &= \$4,000 + \$1,600 + \$0 \\ &= \$5,600 \end{aligned}$$

EXHIBIT 2

FINDINGS AND DETERMINATION OF RESPONDENT'S CIVIL PENALTY PURSUANT TO OREGON ADMINISTRATIVE RULE (OAR) 340-012-0045

- VIOLATION NO. 2 Violating OAR 340-248-0205(1) by openly accumulating friable asbestos containing waste material.
- CLASSIFICATION: This is a Class I violation pursuant to OAR 340-012-0054(1)(s).
- MAGNITUDE: The magnitude of the violation is moderate pursuant to OAR 340-012-0135(1)(i)(B) because between 40 to 160 linear feet of asbestos-containing material was removed. The contractor hired by Respondent removed and handled approximately 130 linear feet of asbestos-containing waste material (ACWM).
- CIVIL PENALTY FORMULA: The formula for determining the amount of penalty of each violation is: $BP + [(0.1 \times BP) \times (P + H + O + M + C)] + EB$
- "BP" is the base penalty, which is \$4,000 for a Class I, moderate magnitude violation in the matrix listed in OAR 340-012-0140(3)(a)(B) and applicable pursuant to OAR 340-012-0140(3)(a)(B) because Respondent is not a residential owner-occupant.
- "P" is whether Respondent has any prior significant actions, as defined in OAR 340-012-0030(19), in the same media as the violation at issue that occurred at a facility owned or operated by the same Respondent, and receives a value of 0 because Respondent has no prior significant actions.
- "H" is Respondent's history of correcting prior significant actions, and receives a value of 0 according to OAR 340-012-0145(3)(c) because there were no prior significant actions.
- "O" is whether the violation was repeated or ongoing, and receives a value of 0 according to OAR 340-012-0145(4)(a) because there was a single occurrences of the violation. Each day of violation constitutes a separate occurrence. The Respondent allowed an asbestos abatement project to be conducted by an unlicensed person on at least one day, August 1, 2024.
- "M" is the mental state of the Respondent, and receives a value of 4 according to OAR 340-012-0145(5)(c) because Respondent was negligent. According to OAR 340-012-0030(15), "negligent" means the respondent failed to take reasonable care to avoid a foreseeable risk of conduct constituting or resulting in a violation. Respondent worked on a major renovation despite not being licensed by the CCB, and failed to take any steps to ascertain that an older building did not contain ACM before conducting a renovation. Thus, Respondent failed to take reasonable care to avoid the foreseeable risk that a violation would occur.

"C" is Respondent's efforts to correct or mitigate the violation and receives a value of 0 according to OAR 340-012-0145(6)(f) because the violation or the effects of the violation could not be corrected or minimized.

"EB" is the approximate dollar value of the benefit gained and the costs avoided or delayed as a result of the Respondent's noncompliance. It is designed to "level the playing field" by taking away any economic advantage the entity gained and to deter potential violators from deciding it is cheaper to violate and pay the penalty than to pay the costs of compliance. In this case, "EB" receives a value of \$5,766 because the ACWM was openly accumulated at City of Roses' facility and then cleaned up by a licensed asbestos abatement contractor at a cost of \$6,000. This "EB" was calculated pursuant to OAR 340-012-0150(1) using the U.S. Environmental Protection Agency's BEN computer model.

PENALTY CALCULATION: $\text{Penalty} = \text{BP} + [(0.1 \times \text{BP}) \times (\text{P} + \text{H} + \text{O} + \text{M} + \text{C})] + \text{EB}$
= \$4,000 + [(0.1 x \$4,000) x (0 + 0 + 0 + 4 + 0)] + \$5,766
= \$4,000 + (\$400 x 4) + \$5,766
= \$4,000 + \$1,600 + \$5,766
= \$11,966

EXHIBIT 3

FINDINGS AND DETERMINATION OF RESPONDENT'S CIVIL PENALTY
PURSUANT TO OREGON ADMINISTRATIVE RULE (OAR) 340-012-0045

VIOLATION NO. 3 Failing to have an accredited inspector complete an asbestos survey according to OAR 340-248-0270(3) before performing a renovation.

CLASSIFICATION: This is a Class I violation pursuant to OAR 340-012-0054(1)(t).

MAGNITUDE: The magnitude of the violation is moderate pursuant to OAR 340-012-0135(1)(i)(B) because between 40 to 160 linear feet of asbestos-containing material was removed. The contractor hired by Respondent removed and handled approximately 130 linear feet of asbestos-containing material (ACM).

CIVIL PENALTY FORMULA: The formula for determining the amount of penalty of each violation is: $BP + [(0.1 \times BP) \times (P + H + O + M + C)] + EB$

"BP" is the base penalty, which is \$4,000 for a Class I, moderate magnitude violation in the matrix listed in OAR 340-012-0140(3)(b)(A)(ii) and applicable pursuant to OAR 340-012-0140(3)(a)(B) because Respondent is not a residential owner-occupant.

"P" is whether Respondent has any prior significant actions, as defined in OAR 340-012-0030(19), in the same media as the violation at issue that occurred at a facility owned or operated by the same Respondent, and receives a value of 0 because Respondent has no prior significant actions.

"H" is Respondent's history of correcting prior significant actions, and receives a value of 0 according to OAR 340-012-0145(3)(c) because there were no prior significant actions.

"O" is whether the violation was repeated or ongoing, receives a value of 0 according to OAR 340-012-0145(4)(a) because there was a single occurrence of the violation. Each day of violation constitutes a separate occurrence. The Respondent allowed an asbestos abatement project to be conducted by an unlicensed person on at least one day, August 1, 2024.

"M" is the mental state of the Respondent, and receives a value of 4 according to OAR 340-012-0145(5)(c) because Respondent was negligent. According to OAR 340-012-0030(15), "negligent" means the respondent failed to take reasonable care to avoid a foreseeable risk of conduct constituting or resulting in a violation. Respondent worked on a major renovation despite not being licensed by the CCB, and failed to take steps to ascertain that an older building did not contain ACM before conducting a renovation. Thus, Respondent failed to take reasonable care to avoid the foreseeable risk that a violation would occur.

"C" is Respondent's efforts to correct or mitigate the violation, and receives a value of 0 according to OAR 340-012-0145(6)(f) because the violation or the effects of the violation could not be corrected or minimized.

"EB" is the approximate dollar value of the benefit gained and the costs avoided or delayed as a result of the Respondent's noncompliance. It is designed to "level the playing field" by taking away any economic advantage the entity gained and to deter potential violators from deciding it is cheaper to violate and pay the penalty than to pay the costs of compliance. In this case, "EB" receives a value of \$1,442 because Respondent benefitted from avoiding the cost of \$2,000 to have an accredited inspector conducting an asbestos survey. This "EB" was calculated pursuant to OAR 340-012-0150(1) using the U.S. Environmental Protection Agency's BEN computer model.

PENALTY CALCULATION: $\text{Penalty} = \text{BP} + [(0.1 \times \text{BP}) \times (\text{P} + \text{H} + \text{O} + \text{M} + \text{C})] + \text{EB}$
= \$4,000 + [(0.1 x \$4,000) x (0 + 0 + 0 + 4 + 0)] + \$1,442
= \$4,000 + (\$400 x 4) + \$1,442
= \$4,000 + \$1,600 + \$1,442
= \$7,042
