System Overview

The Oregon Department of Environmental Quality has instituted the use of a modernized, cloud-based tool for a selection of compliance programs within the agency and several business processes that involve the public and regulated entities. This document describes how to request a **HOT Service Provider License** through the Your DEQ Online database.

[Your DEQ Online](#) is an Environmental Data Management System designed to combine current DEQ processes across air, land, and water divisions in one convenient and easily accessible portal. The system enables users to submit applications, upload reports, enter data, check the status of applications, pay fees or fines, and manage account activity. In addition, the system allows for greater public access to environmental data without the need to request this information from DEQ staff.

1 Introduction

DEQ's Heating Oil Tank Program (HOT) started on March 15, 2000. This program allows third party certification of cleanups and decommissionings of HOTs by DEQ licensed service providers. Contractors who certify work at HOT cleanup and voluntary decommissioning projects are required to be licensed by DEQ. This user guide provides step by step instructions on how to submit a HOT Service Provider license application, associate a license with a new user account, renew a HOT Service Provider license, and to change a company name on the license through Your DEQ Online.

1.1 Your DEQ Online

Individuals must submit license applications through Your DEQ Online.

To get started using Your DEQ Online, please complete the following steps.

1. Register an account by navigating to the [Your DEQ Online Public Portal](#). Select “Register Account.”

Tip. Licenses can only be issued to a Responsible Official YDO user. **Select “RO” account type** when creating your YDO account.

2. Complete identity verification.
3. Establish link to the “Heating Oil Tank” submittal group.

Need help with registering your account, determining what is the best account type for you, or how to select submittal groups for your account? Additional resources are available [online](#).

Tip. This application requires at least one HOT Supervisor be associated to the application. If needed, please complete or have appropriate employee, complete and submit the HOT Supervisor license application submittal. **Please wait to proceed with this application until at least one HOT Supervisor license has been issued by DEQ for you and/or your employees.**

1.2 Navigating in YDO – The Dashboard

This section provides a brief overview of navigating in YDO.

Once registered, the “Dashboard” is your starting point when logging into Your DEQ Online. The “Dashboard” shows a summary of current and pending activity associated with your linked facilities.

Tip. The navigation panel is on the far left side of the screen and provides quick access to content.

There are several ways to access and use the navigation panel.

- Click the symbol for the content you need.
- Hovering over the panel will bring up a list view of the panel
- Clicking the hamburger icon  will expand to the more detailed view shown on the next page.
- Use  symbol at the bottom of the panel to expand and  symbol to contract the panel.

Dashboard. View a summary of current and pending activity for your account.

Start New Submittal. Start a new submittal here.

Pending Submittals. Resume editing any submittals that have been started and saved, but not yet submitted.

Track Submittal Status. Track the status of all submitted submittals.

Upcoming Obligations. View upcoming reporting obligations.

Pay Invoices/Fees. Pay DEQ invoices or fees.

Permits/Licenses/Certificates. View DEQ issued permits, licenses, and certificates.

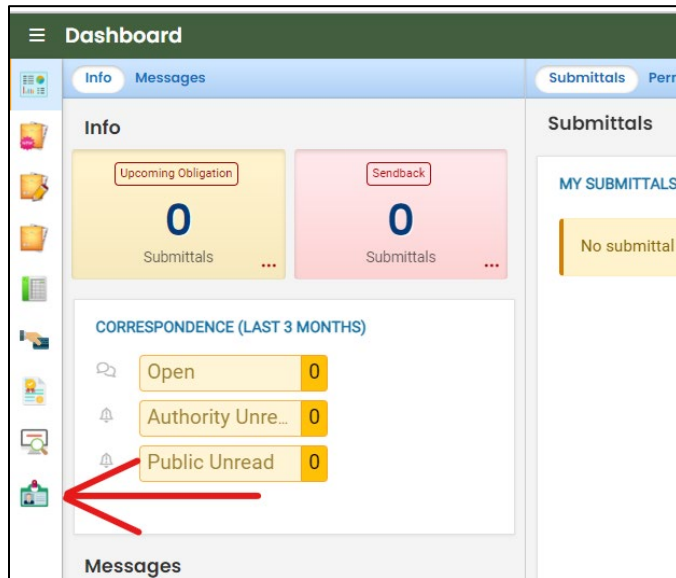

Public Records. View published submittals, permits, licenses, and certificates, and available project data.

My Account. Change your contact information, facility linkage, and other account settings.

2 Link To Existing License

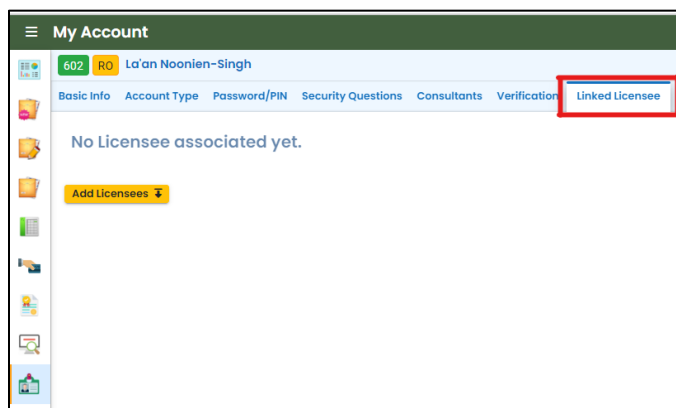

Do you already have a HOT Service Provider License? This section provides instructions on how to link your existing license to your YDO account.

1. From your dashboard, click the “My Account”  button.

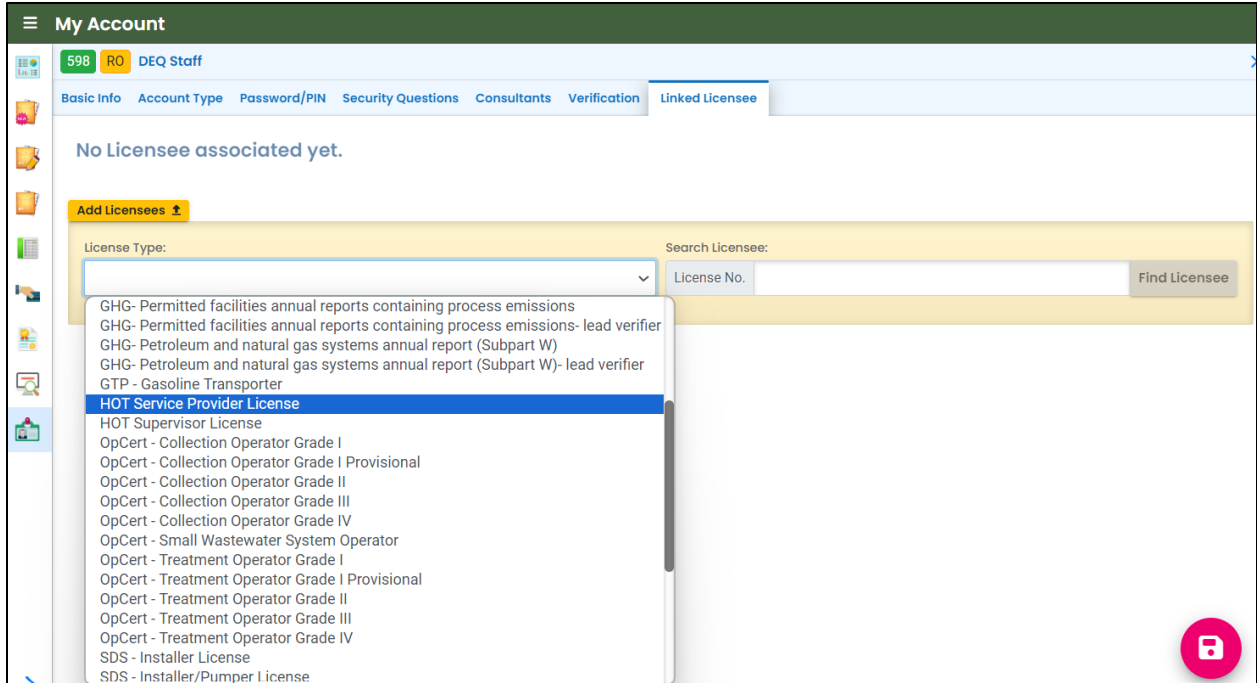

2. Click the “Linked Licensee” tab.

3. Click the  button.

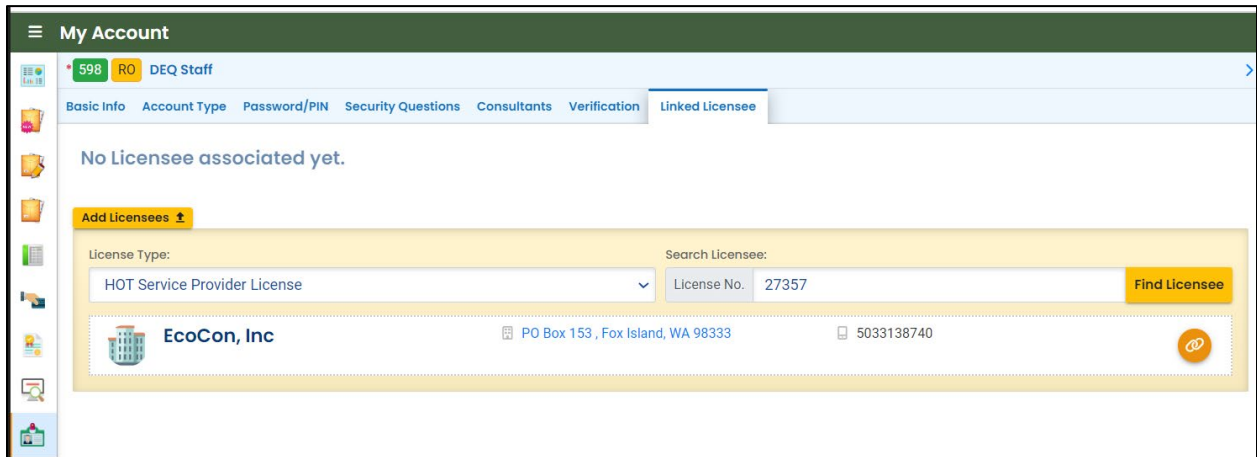

4. Select “HOT Service Provider License” from the “License Type” dropdown menu.

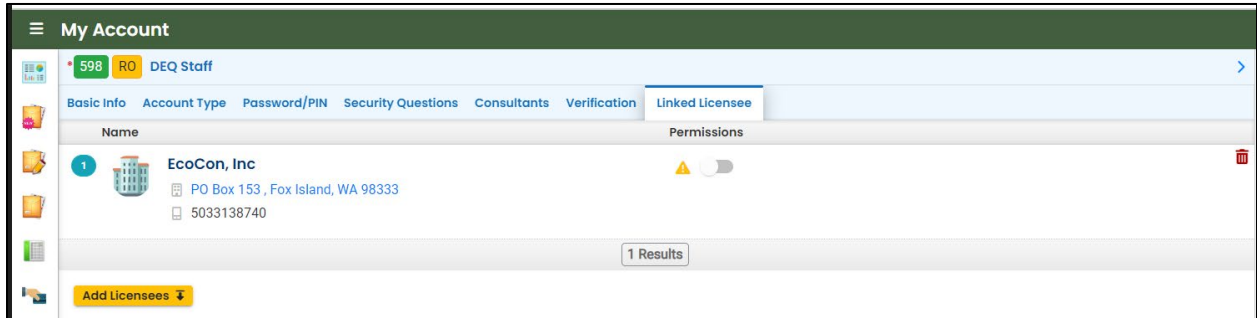

5. Type in your license number in the “Search Licensee” field.

6. Click the  button.

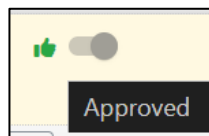

7. Click  to link the license to your account.

8. Click  to save your selection.

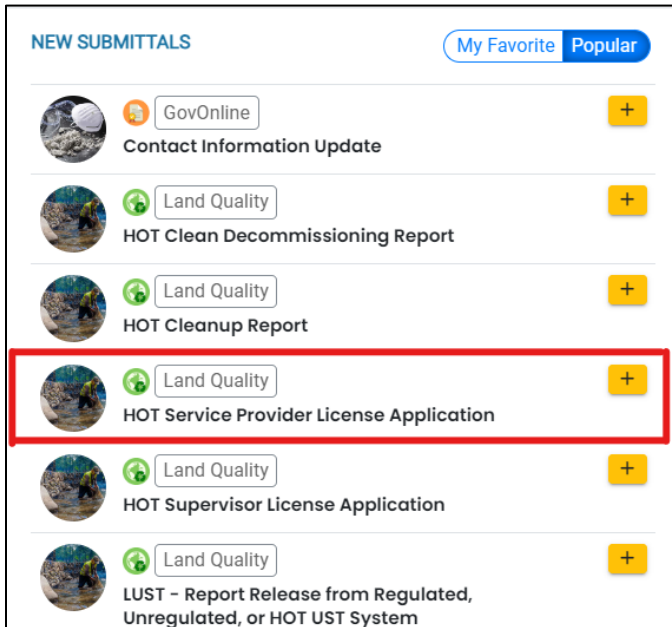

Note. Your permissions may initially be flagged as “Not Approved”. After DEQ reviews and approves the request to link your license, the status will change to “Approved”. If your request has not been approved within a week, please contact the HOT Program.

3 Applying for a New License

This section provides instructions on applying for a new license.

From your Dashboard, click the “HOT Service Provider License Application”  button to start a new license application.

Tip. If you do not see any submittal options in the “New Submittals” box on your Dashboard. You will need to go to “My Account” , click on “Account Type” tab, click the box next to “Heating Oil Tank” and save .

You will complete a 5-step process to submit the application. The 5 steps are presented as the following tabs: **Basic Info**, **Attachment**, **Payment**, **Review**, and **Submission**.
