DEQ can provide documents in an alternate format or in a language other than English upon request. Call DEQ at 800-452-4011 or email deqinfo@deq.state.or.us.

1. Introduction

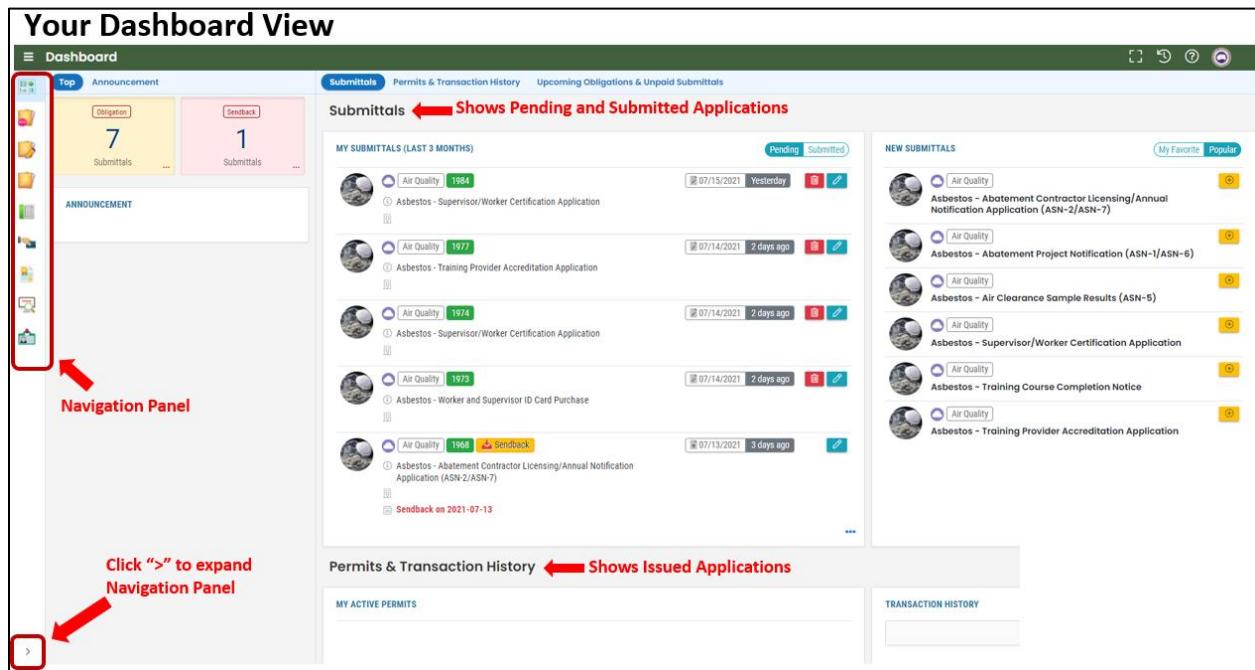

The Oregon Department of Environmental Quality Asbestos Program ([OAR 340, Division 248](#)) includes the licensing requirements for contractors to perform full-scale asbestos abatement in Oregon. Prior to performing asbestos abatement in Oregon, contractors must apply to DEQ for an asbestos abatement contractor's license. Asbestos is a known carcinogen and there is no known safe level of exposure. DEQ requires contractors who perform asbestos abatement to read and understand Oregon and federal asbestos rules and regulations to protect the health of employees and the public.

I. Navigating the Your DEQ Online System

The Your DEQ Online system is designed to work with Safari or Google Chrome browsers. DEQ recommends using one of these browsers to optimize the user's ability to navigate the system. Internet Explorer is not a recommended browser.

Dashboard

The Dashboard is your initial landing pad when logging into Your DEQ Online. It shows a summary of current and pending activity associated with your linked facilities.

The navigation panel on the left side of the screen is the primary way to navigate through various features in the system. The navigation panel can be expanded by clicking on the  button at the bottom left side of the screen.

Your Dashboard: Quick Links

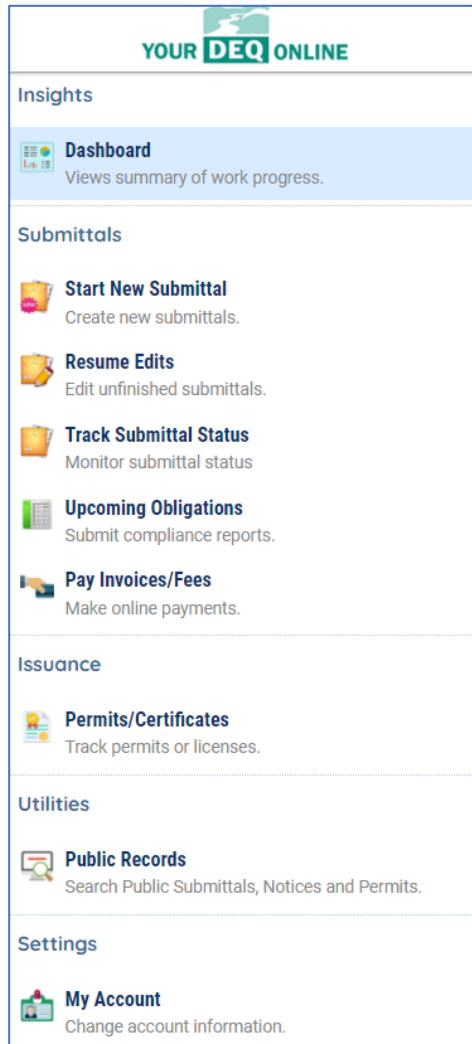

The screenshot shows the top of the dashboard with a green header bar. Below the header, there are tabs for 'Top', 'Announcement', 'Submittals', 'Permits & Transaction History', and 'Upcoming Obligations'. The 'Top' tab is active, showing a summary of '0 Submittals' and '1 Submittals'. A callout box with a red border and a grey arrow points to the 'Quick Links' section on the left side of the dashboard. The callout box contains the text: 'Quick links help you start typical activities.'

Quick links help you start typical activities.

Your Dashboard: Quick Links

The screenshot shows the full dashboard with a green header bar. Below the header, there are tabs for 'Top', 'Announcement', 'Submittals', 'Permits & Transaction History', and 'Upcoming Obligations'. The 'Top' tab is active, showing a summary of '0 Submittals' and '1 Submittals'. A callout box with a red border and a grey arrow points to the 'Quick Links' section on the left side of the dashboard. The callout box contains the text: 'Hover over each icon for expanded description or click the dashboard button at the top to see them all.'

Hover over each icon for expanded description or click the dashboard button at the top to see them all.

Dashboard: This is your landing pad when you enter the system. It shows a summary of current and pending activity for your account.

Start New Submittal: Your DEQ Online is used by the asbestos program for a variety of submittals. To submit an application for asbestos abatement contractor licensing, select “Start New Submittal”.

Resume Edits: Allows you to resume editing any submittals that have been started, but not yet submitted to DEQ.

Track Submittal Status: Shows the status of all complete submittals and allows you to review the submitted application, view the submittal receipt and track your submittal status.

Upcoming Obligations: Displays any upcoming obligations for which a submittal can be started.

Pay Invoices/Fees: Allows for online payment of invoices or fees to DEQ.

Permits/Certificates: Allows you to search for and view all DEQ issued permits. Please note: “permits” in this context means “notifications”.

Public Records: Allows you to search for and view all published submittal records.

My Account: Allows you to change your contact information, account type, facility linkage, and other account options.

Icons

You will see the following common icons as you navigate the system and submit your Asbestos Abatement Licensing application.

Loading: This icon will appear while the system processes is an action.

Save: Click this icon to save changes made on a page.

Edit: Click this icon to edit the selected submission.

View: Click this icon to view a selected submission.

Submittal Selection: Click this button to toggle between pending and submitted obligations on their dashboard.

Requirement: This note will appear when a particular field in a submittal is required.

Add: Click this button to add multiple sets of data.

Expand: Click this button to expand.

Delete: Click this button to delete the information.

2. Establish an Account

1. Account Registration

Resources are available to assist in Public Account Registration online at yourdeqonlinehelp.oregon.gov. If you are the Responsible Official for a company, and will be applying to DEQ for an asbestos abatement contractor license, select a Responsible Official account. When establishing links to Submittal Groups, select the "Asbestos" group.

Pursuant to [OAR 340, Division 248](#), each asbestos abatement contractor license application submitted by a regulated entity under the Asbestos Program must be certified by a designated representative. The Responsible Official designation within Your DEQ Online corresponds to the designated representative required under this rule.

3. Asbestos Abatement Contractor Licensing Submittal

1. Starting Asbestos Abatement Contractor License Application

The Responsible Official or delegated Consultant/Preparer may initiate a submittal for an Oregon Asbestos Abatement Contractor License Application. From your account's dashboard, use quick links to maneuver through the system. From there, follow the steps illustrated below to apply for the license online.

Start a New Submittal

Use the first quick link to "start new submittal." This leads to the *New Submittal* page.

I, the undersigned, authorize the payee to electronically debit my bank account for the amount(s) and at the time set forth above.

If this is a single payment, this authorization is valid for this transaction only. If this is a recurring payment, this authorization is to remain in full force and in effect until I notify my bank or notify the payee of its termination. I understand that I do this by canceling any pending payments and recurring payment instructions within this system at least three banking days before my account is scheduled to be debited.

...click on "Submitted" and select the application by clicking on the yellow "eye".

Tracking a Submittal

Click the “eye” icon to view the submission status.

Submittal status includes multiple tabs. If you have uploaded any attachments as part of the application, they will appear in the Attachment tab. If DEQ approves the application, the License Approval Letter will be accessible using the Issuance tab.

1. Submittal Summary

The submittal summary tab displays the current status of your submission on the right side of the page under Review Flow. Immediately after successful submission, this will show that your application is in the “Completeness and Technical Review” step which will prompt DEQ staff to review your submittal. If additional information is required to process the application, DEQ will “send back” the application in the system. Refer to the “Submittal Send Back” in Section VIII for instructions. You can track the application review process from the Review Flow section.

Tracking a Submittal: Review Flow

Submittal status will also change once the application has been approved by DEQ.

The “Review Flow” box shows the current status of the submittal.

2. Issuance Tab

Once DEQ issues the license, the Issuance Tab displays the electronic version of the approved Asbestos Full-Scale Contractor License. The full-scale contractor license number will also be displayed.
