## Proposed Certificate of Completion for TriMet at PECO, Inc.

**Comments due:** 5 p.m., Friday, Dec. 2, 2016

**Project location:** 4707 SE 17<sup>th</sup> Ave., Portland

**Proposal:** DEQ is preparing to certify that all actions required have been satisfactorily completed. This project has resulted in both environmental and economic benefits.

**Highlights:** In February 2013, TriMet entered a Prospective Purchaser Agreement Consent Judgment with DEQ and agreed to ensure that development of a light rail transit line on property acquired from PECO, Inc. would not interfere with on-going environmental cleanup operations at PECO.

DEQ reviewed the requirements of the PPA and the corresponding actions, and has made a preliminary determination that all obligations of the PPA have been satisfactorily performed and that a Certification of Completion should be issued.

DEQ created the prospective purchaser agreement program in 1995 through amendments to the state's Environmental Cleanup Law. The prospective purchaser agreement is a tool that expedites the cleanup of contaminated property and encourages property transactions that would otherwise not likely occur because of the liabilities associated with purchasing a contaminated site.

The Certification of Completion confirms TriMet's release from liability for claims by the State of Oregon under ORS 465.200 to 465.545 and 465.990, 466.640, and 468B.310 regarding existing hazardous substance releases at or from the property. The consent judgment and certification of completion also provide TriMet with third party liability protection.

**How to comment:** Send comments to DEQ Project Manager Dan Hafley at 700 NE Multnomah St., Suite 600, Portland, Oregon, 97232-4100 or [hafley.dan@deq.state.or.us](mailto:hafley.dan@deq.state.or.us). For more information contact the project manager at 503-229-5417.
