

# Recycling Steering Committee

Modernizing Oregon's recycling system with support from Oregon Consensus

## Meeting Agenda

To register in advance for this meeting:

<https://pdx.zoom.us/meeting/register/tJAvfuqqqDsjHtJjZF6dBdDPtgu4LFeVA72>

### **Meeting Purpose:**

- 1) Review and clarify or refine proposals for advancing elements for modernizing Oregon's system, check for consensus and identify any next steps.
- 2) Review overall RSC Road Map and "zoom" in on near-term topics and organization of discussions.

1:00 **Welcome.** Introductions and digital format orientation (Oregon Consensus)

1:10 **Alignment-Ready Elements**

The following elements will be reviewed with a goal of seeking clarity, refinement and check to move an element forward into preliminary consensus. *\*Discussions and agreements of individual elements are subject to future review and consensus check within a more comprehensive modernization package as it is developed within the RSC process.*

- **Material-specific LCA database to inform EOL pathways.** DEQ will describe current efforts, potential future efforts and needs for this element to move forward; check for agreement from RSC to move this forward
- **Defined optimal end-of-life pathways.** DEQ will clarify and confirm recommendation from RSC to move this element forward
- **Truth in Labeling.** RSC review and discuss possible proposal/options to move this element forward; consensus check if ready
- **Required generator-facing contamination reduction program.** Confirm consensus of RSC to advance this element requiring a change in current OR statute; discuss/refine details.

2:30 **Public Comment**

2:45 **Wrap Up - Oregon Consensus**

- Recap progress and next steps for elements discussed today
- Tee up May 21 "alignment-ready" elements including assignments
- Review RSC Road Map and specific topics and process for small group work

3:00 **Adjourn**
