

Oregon Department of Environmental Quality

Request to Implement Other Contamination Reduction Program Elements

OAR 340-090-0030 (7) (c) Requires that to the extent that funding is provided, a local government over the population of 4,000 shall establish and implement a program to reduce contamination that includes at least one element from each of the three categories below.

Customer-facing contamination reduction materials and methods that are responsive to diverse populations.

Standards for providing feedback to generators who contribute to contamination that is responsive to diverse populations.

Standards for providing financial or service consequences to generators that are significant and repeated sources of contamination despite receiving feedback. Consequences must be responsive to diverse populations.

OR

Uses materials or methods that are at least as effective as materials or methods approved by DEQ pursuant to ORS 459A.929(1)(c).

If you are a local government that would like to request approval to implement a contamination reduction program using program elements that are not on DEQ's approved list, please complete the information below and submit completed form to your DEQ Regional Specialist.

Local government Information

County or Wasteshed _____

County Official Name _____ Title _____

Email address _____

Estimated population (for program service area) _____

City

City Official Name _____ Title _____
