

Truth In Labeling Task Force

Meeting #6

Wednesday, 5/4/2022

Welcome and announcements

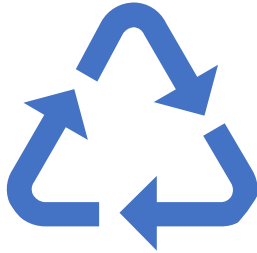

Overview of state recycling lists

Environmental Quality Commission creates the initial lists called for in SB 582 with input from DEQ, after consultation with ORSAC and a Rulemaking Advisory Committee.

1

List of materials local governments must collect for recycling

Producer responsibility organization (PRO) drop-off/depot collection list

3

2

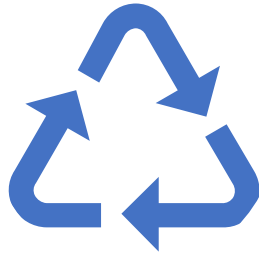

Uniform statewide collection list. A subset of local government materials. This is the list of items that may be collected in comingled recycling

Can be amended via approved PRO program plans

Environmental Quality Commission creates the initial lists called for in SB 582 with input from DEQ, after consultation with ORSAC and a Rulemaking Advisory Committee.

List of materials local governments must collect for recycling
(glass might be here)

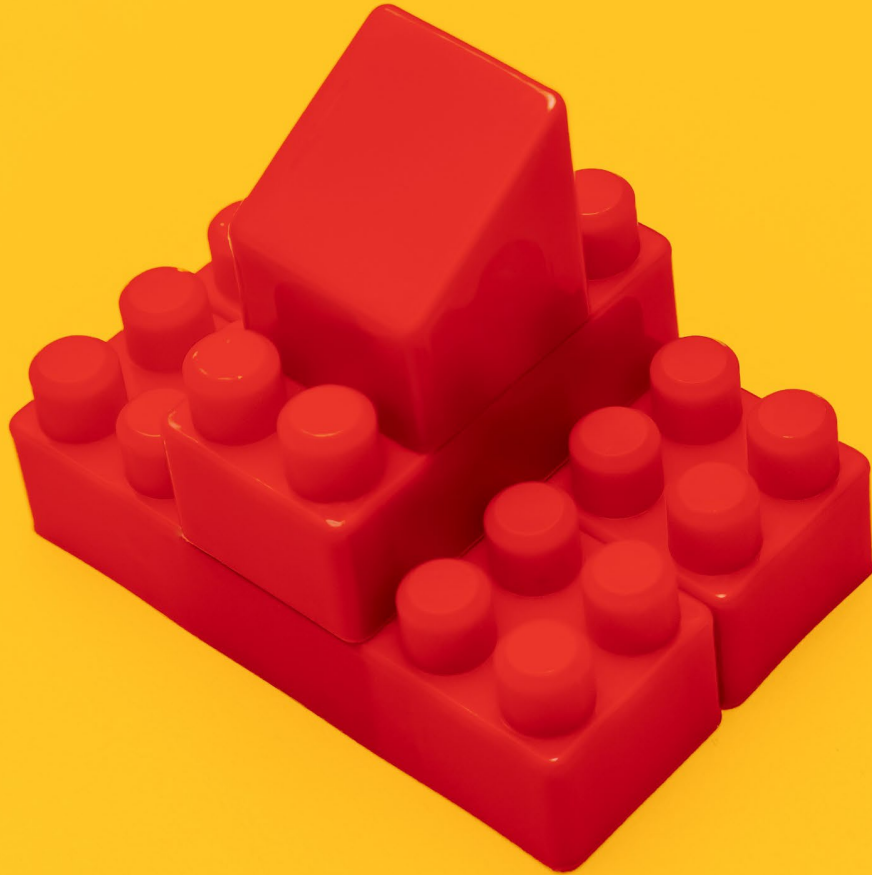

Producer responsibility organization (PRO) drop-off/depot collection list
(glass might be here)

Uniform statewide collection list. A subset of local government materials. This is the list of items that may be collected in comingled recycling
Can be amended via approved PRO program plans
(very unlikely that glass will be here)

Review straw poll results
