

**Oregon Department of Environmental Quality
1200-C NPDES Construction Stormwater Permit
Inspection Report Template**

General Information		Check to indicate initial inspection	
Site Name		Inspection Date	
DEQ PLC Number		Time	
Inspector		Frequency (circle one)	Option 1 <input type="checkbox"/> Option 2 <input type="checkbox"/>
Primary Inspector		Project Stage	
Weather Conditions		Recent Rainfall	
ESCP Version (date)		Rain Gauge/Station	

BMPs In Use at the Time of Inspection and the Condition			
BMP	Install Date	Condition	Replace Date
Most Recent ESCP Version		Site Controls Match ESCP	

Treatment System		Installed per approved design	
EMP for Contaminated Media and/or Chemical Treatment		If not, document the reason below	

Natural Buffer Compliance Option	1	2	3	Implemented per ESCP	
Buffer Zone Demarcated in Field				Matches Approved ESCP	
Evaluation of Enhanced BMPs or Treatment Measures					

General Observations in Accordance with This Permit

Locations and Conditions of BMPs Requiring Maintenance or Corrective Actions

Locations Where Additional BMPs are Needed but Not Present at Time of Inspection

NOTE: This inspection report template has been developed by DEQ for inspection documentation for projects permitted under the 2025-2030 1200-C Construction Stormwater General Permit. Registrants may modify this template as needed to meet project-specific conditions or content needs. All inspection reports must comply with the inspections and documentation requirements of the permit and must be maintained in chronological order in the site logbook.

Oregon Department of Environmental Quality
 1200-C NPDES Construction Stormwater Permit
 Inspection Report Template
