

# Oregon P-EBT

## 2020-21 School Year Robocall Script

If your school uses robocalls to get information to your families, you can adapt the scripts below to make your families aware of the upcoming P-EBT benefits.

### Script for non-Community Eligibility Provision (CEP) schools

If your children get free or reduced-price school meals, your family is eligible for extra grocery money during summer break. It comes from a program called Pandemic EBT or P-EBT.

The grocery money is to make-up for meals students missed while schools and childcare were closed part-time or full-time during the 2020-21 school year. You can still get “grab-and-go” meals or summer meals from the school while getting P-EBT.

You don't need to apply for P-EBT. It will be sent automatically to families participating in the free or reduced-price meal program or SNAP.

Eligible families will get the extra food benefits starting in July and ending in September.

If you get SNAP, the benefits will be added to your current account.

If you don't get SNAP, you will get an EBT card in the mail so make sure the school has your current mailing address.

There is still time to apply for free or reduced-price school meals to get these summer food benefits. *<Space for school to add application instructions>*

Have a healthy summer!

### Script for CEP schools

Our school offers all meals to students at no charge and that means all families will automatically receive extra grocery money during summer break from a program called Pandemic EBT or P-EBT.

The grocery money is to make-up for meals students missed while schools and childcare were closed part-time or full-time during the 2020-21 school year. You can still get “grab-and-go” meals or summer meals from the school while getting P-EBT.

You don't need to apply for P-EBT. It will be sent automatically to families.

Families will get the extra food benefits starting in July and ending in September.

If you get SNAP, the benefits will be added to your current account.

If you don't get SNAP, you will get an EBT card in the mail with your benefits so make sure the school has your current mailing address.

Families can opt-out of P-EBT by contacting us. *<Space for schools to include additional instructions on how to opt out>*
