

Monthly Caseload Variance Report
Oregon Department of Human Services
Self-Sufficiency Programs

JULY 2021

Note: The changes in public policy, behavior, and economics due to the COVID-19 crisis continue to create greater uncertainty than is usually experienced in a forecast cycle. As with the Fall 2020 forecast, the current forecast for Spring 2021 contains assumptions about operations and recovery patterns from COVID, some of which have changed from the prior forecast. Details concerning these assumptions will be contained in the Spring 2021 ODHS-OHA Caseload Forecast report, which was released in May.

The rollout of the new Integrated Eligibility (I.E.) system has led to instability in counts of some programs, in particular, TA-DVS programs. As a result, data may be updated or revised in subsequent variance reports, as known database issues are addressed.
