

Monthly Caseload Forecast Variance Report
Oregon Department of Human Services
Vocational Rehabilitation

JUNE 2021

Note: The changes in public policy, behavior, and economics due to the COVID-19 crisis continue to create greater uncertainty than is usually experienced in a forecast cycle. As with the Fall 2020 forecast, the current forecast for Spring 2021 contains assumptions about operations and recovery patterns from COVID, some of which have changed from the prior forecast. Details concerning these assumptions will be contained in the Spring 2021 ODHS-OHA Caseload Forecast report, which was released in early May.

The VR disability types caseload forecasts are discontinued.

JUNE 2021

Total Vocational Rehabilitation (VR)

Count of all clients who had an active VR episode at any time in the given month. VR helps individuals with physical and mental disabilities to obtain and retain employment that matches their skills, potential, and interest. The services are provided through local VR offices which partner with community resources and local providers.
