(a) If the supervisor decides to approve the family’s request, the Department will reopen the family for the time remaining on the certificate.
(b) If the supervisor decides not to approve the family’s request, the Department will proceed to issue a proposed and final order to deny the application as outlined in OAR 413-200-0296(5), unless the previously certified family voluntarily withdraws their request.

(b) Waives the training requirement based on the family's documented knowledge and skills in caring for a child or young adult placed in the home by the Department.

(5) If subsections (a) or (b) of section (4) of this rule apply, document the approval of an individualized training plan or the waiving of the training requirement on a form approved by the Department.

413-200-0294
Responsibilities Regarding Inactive Referral Status
(Temporary effective 01/01/18)

(1) The certified family or the Department may initiate an Inactive Referral Status. When a certified family is on Inactive Referral Status, no additional child or young adult may be placed in the home.

(2) A certified family may ask the Department to place their home on Inactive Referral Status for any reason for up to 12 months. The Inactive Referral Status begins on the date requested by the certified family.

(3) When a certified family initiates Inactive Referral Status, if a child or young adult is currently placed in the home all certification standards and responsibilities remain in effect. If there is no child or young adult currently placed in the home, the home visit requirements may be waived if approved by a program manager or designee.

(4) When either a certified family or the Department initiates an Inactive Referral Status, the certifier must immediately notify Department staff responsible for placement that the certified family is unavailable for placement of a child or young adult and update the provider record.

(5) Within 30 days of a certified family requesting Inactive Referral Status, the certifier must send a letter to the certified family that documents the inactive status, the reasons for the status, and the length of the Inactive Referral Status.
The Department may initiate *Inactive Referral Status* for one or more of the following reasons:

(a) The special needs of a *child* or *young adult*, who is currently in the home, require so much of the certified family’s care and attention that no agency should place an additional *child* or *young adult* in the home.

(b) The family or members of the household are experiencing significant family or life stress.

(c) The *certified family* does not currently meet one or more of the certification standards.

The Department must place a *certified family* on *Inactive Referral Status* when the Department is assessing an allegation of child abuse or neglect in the home.

If the Department initiates *Inactive Referral Status*, the Department must:

(a) Within 14 business days, send a letter to the *certified family* that documents the beginning date of *Inactive Referral Status*, the reason for the *Inactive Referral Status*, specific certification standards that have been violated, if any, and what action the Department may take if the conditions that warranted the *Inactive Referral Status* are not resolved within the time frame of the *Inactive Referral Status*; and

(b) Provide written notification to the *certified family* when *inactive referral status* ends.

Inactive referral status, when requested by the *certified family*, ends:

(a) At the request of the *certified family*; or

(b) When the certification terminates or expires, unless the Department has renewed the certificate.

If the *certified family* is not able or willing to end the *inactive referral status*, requested by the *certified family*, the Department may proceed to revoke the certificate as outlined in OAR 413-200-0296, unless the *certified family* requests to voluntarily terminate the certificate and the Department accepts the family’s request.

When the Department initiates *Inactive Referral Status*, the Department determines, within the time frame of the *Inactive Referral Status*, when the conditions that warranted the *Inactive Referral Status* have been resolved. The Department may revoke a certification if a *certified family* is unable to remedy a violation of a certification standard within the time frame of the *Inactive Referral Status*. 
(12) When the Inactive Referral Status ends at the request of the family or because the conditions that warranted the inactive referral status have been resolved, the certifier must:

(a) Document removal of the Inactive Referral Status in the provider record of the Department’s electronic information system; and

(b) Send written notification to the family within 30 days.

(g) The certified family fails to follow through with a placement support plan developed under OAR 413-200-0285; or

(3) When the Department determines that subsection (2)(g) of this rule applies, the Department will determine whether to revoke the Temporary Certificate of Approval, Child Specific Certificate of Approval, or Certificate of Approval. If the Department decides to revoke, the Department must issue a notice of intent to revoke the Temporary Certificate of Approval, Child Specific Certificate of Approval, or Certificate of Approval pursuant to OAR 413-010-0510.

(4) The Department must take action to revoke a certification when, at the conclusion of a child protective services assessment, the Department determines there is an impending danger safety threat in the certified family's home, unless:

(a) The certified family provides written request to voluntarily terminate the certification; and

(b) The Department agrees to accept the voluntary termination of the certification.

(5) The Department must inform the certified family of the Department’s decision in section (2) of this rule.

(6) If the Department decides to deny an application for a certificate, renewal of a certificate, or a Change of Status, or decides to revoke a certificate, the Department must provide an applicant or certified family a written notice of intent to deny the application or revoke
the certificate, which must state the reasons for the action and comply with OAR 413-010-0510.

(7) When the Department has issued a written notice to revoke a certification before the stated expiration date on the certificate, the certificate will not expire until there is a final order on the notice to revoke the certification.

(8) The Department must remove from the home all children and young adults in the care or custody of the Department upon making the decision to revoke the certified family's certification and place the certified family on Inactive Referral Status.

(9) The Department may deny an application for certification if, during the five years prior to the date an application is received by the Department, the applicant has had a previous application for certification denied or revoked.
