Additional Food Assistance Benefits Available through February

The Oregon Department of Human Services will continue to offer increased food benefits in February 2021, to help Oregonians struggling as a result of the COVID-19 pandemic.

This benefit increase applies to current Supplemental Nutrition Assistance Program (SNAP) recipients who are receiving less than the maximum allotment. Additionally, in response to the ongoing COVID-19 crisis, there is also a temporary increase in SNAP benefits of approximately 15% for all recipients.

SNAP recipients do not have to take any action to receive additional benefits as they will be placed directly on their Oregon EBT cards. Households receiving SNAP benefits will see the additional supplement to their benefits based on a maximum allotment scale. For example, if there are four individuals in a household and that household is currently receiving \$500 in benefits, the emergency allotment supplement will raise their benefits to the maximum allowed for households of four, which is \$680 per month – or an increase of \$180. With the additional increase in benefits, the total food benefits for that household would be \$782 for the month. Total supplemental benefits will differ based on each household’s regular monthly allotment.

HOUSEHOLD SIZE	MAXIMUM MONTHLY BENEFIT AMOUNT	BENEFIT AMOUNT WITH 15% INCREASE
1	\$204	\$234
2	\$374	\$430
3	\$535	\$615
4	\$680	\$782
5	\$807	\$929
6	\$969	\$1,114
7	\$1,071	\$1,232
8	\$1,224	\$1,408
EACH ADDITIONAL PERSON	\$153	\$176

Additional benefits will be issued on February 10 and February 25. The February 25 benefits are for anyone who began receiving SNAP February 10 or after. Households only receive one allotment.
