Public Notice & Input

Program of All-Inclusive Care for the Elderly (PACE) Program Rates

Public notice is being provided by the Department of Human Services, Aging and People with Disabilities (APD) on rate changes in the PACE Program. The agency plans to amend its Medicaid State Plan Option submission to pay incentives for enhanced performance and improved consumer outcomes.

This change to the rate methodology will not result in a loss of services for consumers, nor will it result in any reduction in compensation for providers. The total aggregate expenditures are expected to remain consistent with current projections for home and community based services provided through waivers and state plans.
